

CANADA TO SHARE IN DISARMAMENT PARLEY

Frankness Features Big Conference On Pacific Relations

Hon. Newton W. Rowell, Head of Canadian Delegation, Returns From Japan and Tells of Sessions; Discussions Carried on Without Restraint or Official Government Observation, So Delegates Are Able to Get Down to Roots of Problems.

Hon. Newton Wesley Rowell of Toronto, known as one of Canada's unofficial elder statesmen, returned yesterday on the Empress of Canada from the Orient, where he has been traveling and studying conditions after participating in the conferences of the Institute of Pacific Relations as head of the Canadian delegation.

Mr. Rowell went on from here to Vancouver to be the guest at a Canadian Club luncheon there today. He has been accompanied on his tour of the Orient by Mrs. Rowell and a secretary.

The conference of the Institute which was held at Honolulu in 1927 brought about a better understanding on Pacific questions between Great Britain and Japan," Mr. Rowell said. "The achievement of the conference this year has been to bring about a better understanding between China and Japan over the Manchurian question."

"The great value of the conference lay in the fact that it was unofficial, with no official government representation or participation. This made it so that every delegate could speak his mind with absolute frankness and with no restraint, because there were no representatives of his Government there and no observers were allowed. This made it possible to get down to the roots of each question and thus furnished the basis for understanding the facts and working up to a solution."

NO RESOLUTIONS
"There were no directly tangible results from the conference, such as embodied in the passing of resolutions. The object of the institute is to study the conditions of Pacific people and to see what can be done to better their relations. But the conference is purely for study and discussion and not for the passing of resolutions."

"The Institute believes that most international misunderstandings come from lack of knowledge of all the facts and that when you get all the facts, improvement in relationships and understandings will follow. From that point of view the conference was very successful."

GOT INSIGHT
"Everyone who attended the conference got an insight into Pacific questions which is most valuable and enables him to discuss them authoritatively at home."

Mr. Rowell delivered his address at the opening of the conference, dealing with international events of the last two years, particularly as affecting Canada's place on the Pacific.

FOOD AND POPULATION
The problem of food supply and population growing out of the increasing number of people in Japan and the migration thus stimulated was well discussed, along with the restrictive immigration laws of the countries bordering on the Pacific. Mr. Rowell went on. In the discussion on this question two attitudes developed, he explained. Some of the Japanese said that Japan had almost reached the limit of sustenance for her existing population and that the only way this pressure of population could be met was by higher industrialization or an outlet for immigration. Others, however, took the stand that Japan could maintain her increasing population by enlarging her food producing areas by intensive cultivation of deforested areas.

NEXT IN CHINA
Mr. Rowell said the next conference will be held in China in 1931 and that Canada did not extend a formal invitation for the conference to come to these shores.

Before the conference opened, Mr. and Mrs. Rowell spent some time traveling in China. After the conference they traveled through Japan.

U.S. VICE-CHAIRMAN RETURNS
Returning on the Empress with Mr. Rowell was Roland W. Boyden, international lawyer of Boston, who was vice-chairman of the United States delegation at the institute and who before that was United States observer at the sessions at Versailles at which the reparations treaty was drawn up.

Winnipeg, Dec. 2.—Long delayed by the barrier of unfavorable Arctic weather, the McAlpine party is expected by tomorrow night to be surrounded by the luxuries a metropolitan city provides.

Having flown over 260 miles of the barren lands to Stony Rapids, during the week-end, Colonel C. D. H. McAlpine and his seven companions today were ready to set out on the 450-mile air jaunt to Cranberry Portage, Man. To-morrow they will face another 450-mile hop from Cranberry to

Winnipeg—and the comforts they have been denied since they became lost in the Arctic reaches early last September.

Headquarters of the Dominion Exploration Ltd. here today waited word from Stony Rapids, Sask., that two planes had left for Cranberry bearing the company's president, Colonel McAlpine and his mates. Captain G. S. Blanchet, commander of the relief patrol, was believed to be in charge of the group at Stony Rapids, but two of his planes remained at Fort Reliance with pilots and mechanics.

LABOR LEADER PAYS TRIBUTE TO ROWELL

Tom Moore Says Prestige of Canada Upheld By Head of Delegation to Kyoto

Two Sessions of Conference Devoted to Discussion of Labor Problems

Steering tribute to the able leadership of Hon. Newton W. Rowell, K.C., as chairman of the Canadian delegation to the conference of the Institute of Pacific Relations at Kyoto was paid by Tom Moore, president of the Trades and Labor Congress of Canada, on his return here Sunday from Japan by the liner Empress of Canada.

"In his indefatigable efforts as leader of our delegation at the Pacific Relations Conference, Mr. Rowell added to the prestige of Canada," declared Mr. Moore with enthusiasm, in paying the work that had been accomplished by the leaders of international thought at the round table conferences held last month in Japan.

"He was accepted as one of the absolute leaders of Canadian affairs, and his excellent contributions to the activities of the conference won for him praise on every side."

"I consider the Canadian delegation most fortunate in having such a leader as Mr. Rowell, whose zeal and sincerity is beyond question."

STEAMERS AND SAILING CRAFT UNREPORTED

Newfoundland Pilot Boat Disappears; Three Freighters in Distress

St. John's, Nfld., Dec. 2.—The fate of three freighters and a dozen schooners was shrouded in a snowstorm that blanketed the Newfoundland coast to-day.

A pilot boat which put out to reach the 700-ton Norwegian freighter Hertha, disabled with her fuel exhausted off Cape Spear, failed to return. Two tugs which went out to search returned without finding any trace of the Hertha, which apparently drifted out to sea. On account of a gale and heavy sea it was feared the pilot boat had foundered.

A tug left Sydney Friday night to take in tow the Norwegian freighter Grey County, disabled 140 miles east of Cape Race with a broken rudder. The Norwegian freighter Isabelle County was in trouble 400 miles southeast of St. John's with her funnel and bridge deck carried away.

The crews of the schooners George Kay and Catherine B. were landed here by the steamer Joflekin, which had taken them off the foundering vessel forty-five miles from port.

Three Prominent Figures Who Arrived Yesterday From Conference of Institute of Pacific Relations in Japan

HON. N. W. ROWELL, K.C. TOM MOORE DR. F. P. KEPPEL
These three men took an important part in the conference of the Institute of Pacific Relations which was held recently in Kyoto and lasted for two weeks. Mr. Rowell was head of the Canadian delegation, which included Mr. Moore, president of the Trades and Labor Congress of Canada. Dr. Keppel is president of the Carnegie Library Corporation. Mr. Rowell and Mr. Moore continued on the C.P.R. liner Empress of Canada to Vancouver, but Dr. Keppel is spending a short time in this city conferring on library matters.

Five Lose Lives in Lake Superior Wreck

Sault Ste. Marie, Mich., Dec. 2.—The freighter Klowa's gamble with the fall moods of Lake Superior had ended to-day on an isolated shore of the lake with five of her crew missing, one dead and eighteen rescued after severe exposure.

Radio messages received by coast-guard headquarters here revealed how the Klowa's sturdiness had been staked against the first storm of what mariners call the gambling season for lake navigation, and how her skipper twice had played a game of chance with winter, only to lose both times. Groping through the storm and trying to hug the south shore line, the Klowa went aground Saturday night on a reef ten miles west of the village of Grand Marais, Michigan.

KING OF ITALY THURSDAY WILL VISIT THE POPE

Advance Estimates of Throngs in Ancient City For Event Are 500,000 People

Rome, Dec. 2.—An official communication today announced the Italian King and Queen would visit Pope Pius XI at 11 a.m. Thursday. Their majesties will go to the Vatican with a numerous suite, including the Foreign Minister, prefect of the palace, the court chaplain and others.

Thus the Roman stake is set for the performance of one of the most dramatic pieces, it will ever see.

DETAILS ARRANGED
For months, ever since the signing of the Lateran Treaty February 11, which ended the Roman question, the ecclesiastical and governmental playwrights have been composing the significant drama. For months the dignitaries of the Papal and the royal courts have been arranging every detail of the procedure and setting. It will be of intense significance, for this is the first time a King and a Queen of United Italy have visited Pope. Ever since 1870, when the Pope became a voluntary prisoner in the Vatican, no King of Italy has gone to see him or has ever seen him.

For days hundreds and thousands of people have been pouring into Rome to see the great spectacle. Availing themselves of the fifty per cent reduction in railroad fares, pilgrims came from as far north as the Alps and as far south as Sicily. The audience for the spectacle will be enormous. It will reach at least 500,000 people.

The drama will be on a tremendous scale, filled with color and pageantry, and will consist of five parts.

LITTLE JOE
LETTING YOUR COAL GO TILL THE FIRST SNOW FALLS IS A FUELISH MISTAKE.

Chicago, Dec. 2.—Some more of the cold weather that iced the Middle West last week was lumbering down from the northwest to-day. The weather bureau said it would arrive before night and would stay a while.

The week-end offered only a slight respite. Temperatures arose from the near-zero of Saturday morning and reached the upper twenties yesterday, but had started down again at dawn to-day.

SECOND COLD WAVE IN THE U.S. MIDDLE WEST

Chicago, Dec. 2.—Some more of the cold weather that iced the Middle West last week was lumbering down from the northwest to-day. The weather bureau said it would arrive before night and would stay a while.

PREMIER SAYS DOMINION WILL SEND DELEGATES TO NAVAL CONFERENCE

LIBRARY HEAD VISITOR HERE ON WAY EAST

F. P. Keppel, President of Carnegie Corporation, to Meet Local Officials

Much Impressed By Institute of Pacific Relations Conference

Dr. F. P. Keppel, president of the Carnegie Corporation, is a visitor in Victoria to-day, having arrived from Japan yesterday aboard the liner Empress of Canada. He has been attending the conference of the Institute of Pacific Relations at Kyoto.

Dr. Keppel was met on his arrival by Miss Margaret Clay, city librarian. This evening he will be the guest of the Carnegie Corporation at a dinner at the Empress Hotel by the Board of Trustees of the Victoria Public Library, at which several prominent British Columbia educationists and librarians will be present.

To-day at the Parliament Buildings, Dr. Keppel conferred with Hon. Joshua Hinchliffe, Minister of Education, and members of the newly-appointed British Columbia Library Commission which includes Norman Lister, Mrs. M. E. Boyle and John Hostie. This commission is financed partly by the Carnegie Corporation and partly by the Government.

LIBRARY REFORMS
Sweeping library reforms in British Columbia, including a system of county libraries which would enable the wider distribution of books in the Province, was recommended to the Government by the former library commission which lasted a short time with Dr. Keppel.

Following the conference this morning, Dr. Keppel, the Minister and members of the commission along with Dr. Norman Black and Mrs. Laura (Concluded on Page 3)

MILLS ASKED TO ASSIST IN POWER CRISIS

Two Plants Already Linked Up With B.C.E.R. at Vancouver

Vancouver, Dec. 2.—In order to augment its supply of electric power, the B.C. Electric Railway Company is making arrangements to obtain energy from mills and other private sources. It was announced to-day by company officials.

The Dominion Mills, on the North Arm of the Fraser River, and Hanbury's Mill on False Creek are already supplying power, the latter to Industrial Island. The Barnett Lumber Company and the Hammond Cedar Company may be cut in within a few days.

It is estimated these mills can supply about 5,000 kilowatts, but some is available only at night, when the mills are not operating.

There is no sign of rain to raise the level of the lakes supplying the hydro plants, according to a statement by E. B. Shearn, Dominion meteorologist here. Forecasts still predict fair and colder weather.

Labor Change In Winnipeg Is Urged

Ottawa, Dec. 2.—Authorities of the city of Winnipeg should take steps to modify the restrictions imposed on the liberty of civic employees engaged in hydro-electric work who are at present barred from belonging to any labor organization, according to the finding of a board of conciliation which reported to Hon. Peter Berman, Federal Minister of Labor, to-day.

The dispute between linemen and cable splicers and the hydro-electric system of the corporation of Winnipeg was an outcome of the strike of 1919, during which a life was lost.

A LOT OF CHRISTMAS PRESENTS ARE SENT C.O.D.—CALL ON DAD.

London, Dec. 2.—A heavy gale was raging over southern England to-day, forcing Channel ships to take shelter at Dover and causing flood conditions in many rivers, including the Thames.

Service to the Orkney Islands was interrupted and Plymouth had a deluge of rain, making the fall there for this period of the year the heaviest in sixty years.

Weather conditions at Howden, Yorkshire, were unfavorable for the launching of the giant dirigible R-100 and the crew and handling party stood by, waiting for more settled conditions.

Lowlying parts of East Kent were flooded and all rivers in southern England were heavily swollen, many overflowing their banks.

Invitation Accepted by Ottawa Government; Other Dominions To Be Represented; Premier MacDonald Will Head British Delegation at Limitation Discussion Set to Begin in London January 21.

PENTICTON COURTROOM IS THROGGED

Intense Public Interest Shown in Charles Oliver Hearing

Dr. V. E. Latimer Says Creolin, Not Tar, Was Applied

Penticton, B.C., Dec. 2.—When Charles Oliver appeared for preliminary hearing in police court here to-day following the "tar and feathering" last Monday night of Dr. V. E. Latimer, the charge of "assault causing grievous bodily harm" was changed to the much more serious one of "forcible seizure." He pleaded not guilty.

Magistrate G. F. Guernsey presided and seated with him were Magistrates W. O. Wilkins and J. Mitchell.

The new charge, which is under Section 29-B of the Criminal Code, carries with it, upon conviction, a maximum penalty of twenty-five years in the penitentiary. The charge was an eleventh-hour move by M. M. Colquhoun, prosecuting the case. H. H. Boyle is counsel for Oliver.

OTHER ARRESTS EXPECTED
The "police war" they anticipated six new arrests in the case and that the car used by the men who took Dr. Latimer away had been identified. The arrests, it was understood, would be on charges of conspiracy.

Crowds fought for space in the little courtroom, about the size of a living-room.

Joseph Oliver, Vancouver barrister and brother of the accused man, was present.

Mrs. Charles Oliver is not expected to attend owing to her health. She is under medical treatment.

GREAT PUBLIC INTEREST
The residents of Penticton and surrounding country have been aroused to a high pitch by the sensational events of last Monday and rumors of various kinds that have been flying around since. Just a week ago Dr. Latimer, a man of sixty-five years of age, an eye, ear and nose specialist, was called to his office by telephone, seized by three men and driven to the outskirts of the town, where a coating of a sticky substance and feathers were applied to his legs. He had to walk to town with only his overcoat to protect him from the cold. He had a charge against Charles Oliver, stating he had recognized his voice.

MUNICIPAL CLERK ATTENDS
Charles Oliver and his brother, Joseph Oliver, had previously made charges against Dr. Latimer before the police commission of Penticton, but the commission had decided it could take no action on the matter which they brought before it. The proceedings (Concluded on Page 3)

London, Dec. 2.—The Macdonald Government was defeated in the House of Lords to-day thirty-seven to sixteen when an amendment was adopted to the Widows' Pension Bill providing payments of pensions should be limited to needy widows.

The Laborites have only a handful of members in the House of Lords, the great majority being Conservatives and Liberals. The reverse is not regarded as other than possibly making eventual enactment of the law in the form the Government desires somewhat difficult.

Britain Aids Peace Move in Manchuria

London, Dec. 2.—Foreign Secretary Henderson announced in the House of Commons to-day that at the instance of the United States, the Government of Great Britain had agreed to join in representations to Russia and China calling their attention to their obligations under the Kellogg pact, in view of the disturbed situation in Manchuria.

SOUTH ENGLAND SWEEPED BY GALE AND RIVERS UP

Ottawa, Dec. 2.—Canada will be represented at the naval disarmament conference to be held in January in London. The representatives of the Dominion have not been selected yet.

"Canada will be represented at the conference," Premier King stated this afternoon, "but I can not say yet by whom we shall be represented."

While the appointment of representatives has not been considered and no official intimation has been made in the matter, it is possible Hon. J. L. Ralston, as Minister of National Defence, may be present.

London, Dec. 2.—Premier MacDonald to-day announced in the House of Commons the British Government delegates to the Naval Limitations Conference in London in January would be himself, Foreign Secretary Henderson, Rt. Hon. A. V. Alexander, First Lord of the Admiralty and Rt. Hon. Wedgwood Benn, Secretary of State for India.

The Prime Minister said the date for the opening of the naval conference had been definitely fixed for January 21, despite possible conflict with the January session of the League of Nations Council.

The Prime Minister added that the Governments of Canada, Australia, New Zealand, the Union of South Africa, the Irish Free State and India had been invited to nominate delegates.

DELEGATES MEET
Grodekova, Siberia, Dec. 2.—Teal Yun-Shen, official representative of Governor Chang-Hsueh-ling of Manchuria, passed through yesterday en route to Nikolai-Ussuriysky, where he will negotiate with the Soviet representative on the Chinese Eastern Railway dispute.

CHINESE ARE UNITED
Shanghai, Dec. 2.—Foreign Minister C. T. Wang, upon his arrival here from Nanking yesterday, declared a conversation between Mukden and Moscow for settlement of the Chinese Eastern Railway controversy had the approval of the National Government.

He declined to make any forecast of possible developments.

It was learned authoritatively from Mukden that the National Government at Nanking had telegraphed the Mukden authorities, giving their full authority to conduct the Moscow negotiations.

CANADA'S TRADE IN YEAR TOTALS

\$2,611,453,000

Figures For Twelve Months Ended October 31 Are Made Public

Ottawa, Dec. 2.—Canadian trade in the twelve months ended October 31, climbed to \$2,611,453,000, which was an advance of \$50,229,000 over the preceding twelve months. The gain is more notable from the fact that exports of grain and its products were down to \$431,229,000 from \$549,570,000.

Imports for consumption in the twelve months were \$1,592,481,000, an increase of \$101,000,000. Domestic exports amounted to \$1,307,972,000, a decrease of \$51,000,000.

Agricultural and vegetable products remained the chief item of exports at \$524,828,000. Exports of wood and paper totaled \$894,917,000, and animal products \$146,629,000.

Iron and its products constituted the leading import item at \$248,020,000. Agricultural and vegetable products were imported to the extent of \$232,797,000, and fibre and textiles, \$204,798,000.

The figures were made available at the Dominion Bureau of Statistics.

Extra-territorial Privileges to End

Shanghai, Dec. 2.—A Kuomin News Agency dispatch from Nanking yesterday said:

"By an agreement reached between the Chinese Minister at Washington and the State Department, negotiations for abolition of United States extra-territorial privileges in China will be opened in Washington February 15, according to a cablegram from the Chinese Minister at Washington to the Ministry of Foreign Affairs of the Nationalist Government. 'It is understood the Ministry also is preparing to open similar negotiations with Britain, French, Dutch and Brazilian Governments.'"

Unconfirmed reports of such negotiations were circulated at Nanking last week.

Abandonment of extra-territorial privileges by foreign nationals would subject foreigners to Chinese courts instead of especially constituted alien judiciaries.

1920

Ten years ago! Even then Chevrolet was popular. And many 1920 Chevrolets are still running. More would be if this new low-carbon Shell Motor Oil had been available then.

1925

A still better car—still more popular. Hundreds of thousands are giving good service after five years.

1930

More than a million and a half Chevrolets will have been sold before January 1, 1930. And lubricated with an oil that forms no hard carbon you'll find nearly all of them "going strong" five and ten years from now.

No CHEVROLET OWNER should overlook this fact:

Your car will run better, last longer with oil that forms no hard carbon

THEY'RE good cars—these Chevrolets that you and millions of other owners have chosen to buy. Give them a little reasonable care and they'll more than repay you in long-time service.

Keep them greased. Change oil regularly. And be sure that you understand this point about motor oil: All oils form some carbon when they burn. But there is one oil that forms only 1/3 to 1/5 as much carbon as even the highest priced oils you can buy.

And strangely enough, these costly oils leave hard carbon. A kind that "cakes" like cement inside your motor. Shell Motor Oil forms only a little soft soot that blows away through the exhaust, harmlessly.

You can't expect your Chevrolet to go on lasting and running smoothly if the very oil you use to protect it is forming gritty coke-carbon. Such carbon chips off, holds valves open, causes knocking, grinds through bearings!

Avoid it. Insist that Shell Motor Oil be put in whenever you change oil or buy an extra quart. Give your Chevrolet a chance to do its best. Keep it free from hard carbon.

SHELL MOTOR OIL

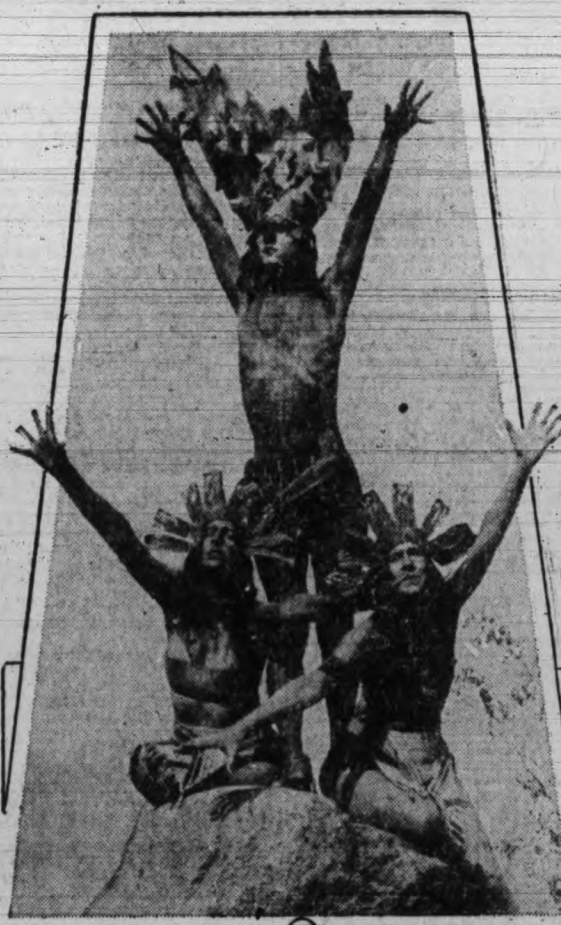

THE PROPER OIL FOR ALL CHEVROLETS IS SHELL MOTOR OIL "C"

Three to five times as much carbon and the kind that causes trouble—hard, flinty carbon. Yet it came from an expensive oil that is otherwise a good lubricant!

A little bit of soft, fluffy soot, formed by burned Shell Motor Oil. Not enough to hurt the highest compression engine—even if it didn't blow away.

PAGEANT SHOWS FIRE'S BIRTH

The legendary drama of how fire came to primitive people drew thousands to the picturesque desert near Palm Springs, Cal., for the annual Desert Play, staged at the mouth of a mountain canyon, whose rock-lined walls served as a natural amphitheatre. The characters above are Fire, played by Lester Horton and the Fire Sprites, played by Mildred Wheat and Mary Hodge.

Injuries Attack 12 Per Cent of All College Football Players

By DR. MORRIS FISHER

A special committee undertook the survey for the Carnegie Foundation of the entire question of hygiene of athletic training.

In twenty-two universities and colleges which were selected to represent conditions over the United States, 43,923 male students were found to be engaged actively in thirteen branches of athletics. Among this almost 44,000 there were 1,220 serious injuries and accidents during the year, including chronic sprains, dislocations, concussions, fractures, collapses and internal injuries.

The common notion that football is the most hazardous was substantiated by the fact that there were 649 football injuries, 166 baseball, 130 basketball, 80 wrestling, 74 boxing and 73 track and field, notwithstanding the fact that there were 9,626 men playing basketball as compared with 5,400 in football and 6,955 in baseball.

Intercollegiate football, according to the figures, is three times as hazardous as inter-class football. Apparently twelve out of every 100 football players receive injuries during the season, usually in the form of fractures, dislocations and chronic sprains that dis-

able the men for more than three weeks.

Considering the number of men engaged, football shows an excessively high incidence of injuries, and the same is true of boxing, lacrosse, soccer and wrestling.

When the coaches were asked their opinion, they pointed out that some methods of coaching ignore the hazards to life and limb and look only to the winning of contests.

In some places men are played who are not properly conditioned, and in other places players are kept in the contest even after they are exhausted, because of lack of suitable replacement material. Finally, there is the charge of inadequate medical supervision of athletes and the making of too rigorous schedules, usually planned to build up attendance.

Squads Search For Body of Man

Seattle, Dec. 2.—Three posses under the direct supervision of Ewing D.

Colvin, King County prosecutor, continued the search to-day for the body of James Eugene Bassett, former Annapolis, Md., naval officer, missing since September, 1928.

The posses concentrated on a stretch of road in Snohomish County where Colvin said he was told a man resembling Decasto Earl Mayer, a suspect in the case, was seen about the time Bassett disappeared.

"Go Slow, Mary," three-act comedy, Friday, December 6, First United Church Hall, commencing at 8:15 p.m. Tickets 35c, under the auspices of the Axioms Young Ladies' Bible Class. Proceeds for Christmas hamper work.

IT WILL

When you use Pills we mean it. If you want to experience the comforting relief this thoroughly tested formula will give, try a few applications. Money back if it fails. Get the handy tube with pliers—75c, or in the tin box—60c, at any drug store.

Dr. Modjeski Gets Award For Talents

Son of Noted Polish Actress
Given Medal For Bridge
Construction

Reached Here To-day From
Tokio After Attending En-
gineering Congress

Dr. Ralph Modjeski, consulting
engineer of New York and son of
Madame Helena Modjeski, famous
Polish tragedienne, who has been
attending the World's Engineering
Congress at Tokyo, has received the
highest engineering honor in the
United States, the John Fritz gold
medal.

The medal has been awarded to Dr.
Modjeski for notable achievement as
an engineer of great bridges combin-
ing the principles of strength and
beauty.

He was the unanimous choice of the
members of the John Fritz Medal Board
of Award, composed of sixteen pres-
idents of the four national engi-
neering societies.

Dr. Modjeski arrived in Victoria this
morning from Japan on board the
American Mail liner President Jackson.

He was born in Cracow, Poland, in
1861, and came out to the United States
in 1876, having since been identified
as designer, constructor or consultant
with many famous bridges.

BUILT QUEBEC BRIDGE
He recalled to-day that he had been
identified with the construction of the
great Quebec Bridge which spans the
St. Lawrence River, one of the greatest
engineering feats in recent years.

Three engineers engaged on the Que-
bec Bridge contract, he said, repre-
sented six nations, M. Vastel, a
French-Canadian; Maurice Fitzmaurice,
of British-Irish stock, and Dr. Modjeski
himself, a Polish-American, were the
engineers in question.

Other notable bridges with which
Dr. Modjeski has been identified in-
clude the McKinley Bridge at St. Louis,
the Manhattan Bridge, the Columbia
Bridge at Cello, Ore., the Keokuk
Bridge over the Mississippi, the Ohio
River Bridge, the Thames River Bridge
at New London, Conn., the Pough-

keepsie Bridge and the Philadelphia-
Camden Bridge.
Dr. Modjeski was educated at the
Ecole des Ponts et Chaussées in Paris,
and since 1892 has been a consulting
bridge engineer in Chicago. He is a
member of the National Academy of
Sciences and other scientific organi-
zations.

Other holders of the John Fritz gold
medal include President Herbert
Hoover, Gen. J. J. Carty, Dr. Elmer A.
Sperry, Edward Dean Adams, John F.
Sivens, Ambrose Swasey and
Giuseppe Marconi.

PRESENTATION IN JANUARY
The presentation of the award, Dr.
Modjeski says, will take place in Janu-
ary. The text of the presentation state-
ment reads in part: "Bridges and
chambers are barriers to travel and
transportation. Consequently the build-
ing of bridges, one of the older engi-
neering arts, has had profound po-
litical and social as well as economic
importance. With the development of
civilization, highways and railroads
have overcome obstacles, one to the
other, at places of crossing, demanding
still more bridges.

"In recognition of the increasing
contribution of the bridge builder to
the progress of humanity and in ap-
preciation of the distinguished sci-
entific and industrial achievements of
Dr. Modjeski as one of America's fore-
most bridge builders, this award was
made."

Another distinguished Polish en-
gineer arriving to-day aboard the Pres-
ident Jackson was Dr. S. Pilat.

The medal has been awarded to Dr.
Modjeski for notable achievement as
an engineer of great bridges combin-
ing the principles of strength and
beauty.

He was the unanimous choice of the
members of the John Fritz Medal Board
of Award, composed of sixteen pres-
idents of the four national engi-
neering societies.

A GREAT NATIONAL BUSINESS

AT THE ANNUAL MEETING OF THE Vancouver Publicity Bureau last week, Mr. Fred Crone, president of the Puget Sounders and British Columbians Association, said if Canada were to make an outlay of \$500,000 annually on publicity to attract tourists to the Dominion, within five years the annual yield would amount to \$1,000,000,000.

There is no reason to consider Mr. Crone's estimate extravagant. As far as it could be computed by the authorities at Ottawa, the amount spent by tourists in Canada last year was something like \$300,000,000, while it is fully expected the 1929 total will not be far short of \$400,000,000. With these figures in mind, therefore, and taking into consideration the stimulus the movement would obtain through a more extensive publicity campaign, Mr. Crone's figure does not seem at all out of the way.

Victoria, in common with many other cities in the Dominion, has discovered that no form of commercial undertaking earns anything like the dividends a modest expenditure upon tourist publicity earns for this community each year. Holiday travel to Victoria and the Island in general is increasing all the time; and when it is borne in mind that the country's revenue for 1929 from this source alone will be greater than the national debt of the country before the war, we get a clearer idea of its importance as an economic factor.

THEN WHY NOT SUPPORT IT?

IN ITS ISSUE LAST FRIDAY THE MORNING paper said "there should be a considered plan for the development of intra-empire trade."

Our contemporary was inspired to make this suggestion by its own interpretation of the tariff policies of the present government at Ottawa. It drew its courage, however, from The Montreal Gazette's silly suggestion that the viewpoint of Mr. Mackenzie King "could scarcely be more helpful to the Americans if it were inspired from American sources."

We do not propose to take The Montreal Gazette seriously. We remember quite well what it and its Conservative and high protectionist contemporary, The Montreal Star, said would happen to Canada in 1925 if the people of this country should be so foolish as to return the government of Mr. Mackenzie King. They told the electors that nothing in the world would save Canada from economic disaster if they endorsed the government of that time. Their only salvation, they said, was a government headed by Mr. Meighen, a government pledged to higher tariffs. A few days after the election, of course, they changed their tune. They suddenly discovered that the country was not in such a bad way after all, that even though the Canadian people had not taken their advice, Canada would weather the storm they had predicted.

As for the morning paper's suggestion with regard to inter-empire trade, we recall how it, in common with other Conservative newspapers in various parts of the country, attacked the Canadian-Australian treaty. It had not a good word to say for it. Its operation, in its opinion, would seriously damage certain Canadian industries. The electors of this country, however, would be difficult to please if they considered that trading arrangement, which permits us to sell five times as much as we buy, a bad bargain. This is approximately how the exchange between Canada and Australia stands at present.

Opposition newspapers and speakers talk glibly enough about inter-empire trade; but every move to develop that trade which the present government at Ottawa has made in the last few years has been attacked by them.

A DIFFERENT ARGUMENT, ANYWAY

IN THE CITY OF PORTLAND, OREGON, lives a trade journal publisher named George M. Cornwall, and The Vancouver Daily Province is wondering whether the suggestion he has made would solve the aggravating problem of freight rates—about which British Columbia has heard a good deal in the last few years. We are told that Mr. Cornwall's one mission in life at the present time is to raise the roofs of freight cars. He contends that there is a short cut to the saving of twenty cents a ton on all freight by using box cars with lids on top. Our contemporary discusses the matter as follows:

The present side-door Pullman, Mr. Cornwall claims, is a very awkward sort of vehicle, particularly for carrying lumber. In brief, Mr. Cornwall would make it possible to load and unload all box cars after the manner of working a ship. He would have cranes alongside the track and do away with endless hand labor by simply sliding back the roof of a car and removing the contents over the top.

Mr. Cornwall says that the lumber and shingle manufacturers of the northwestern areas of the continent would be among those to greatly benefit from the improved box car. After forty years active association with lumber operations, Mr. Cornwall says that the obstacle to prosperity in that industry is lack of intelligent marketing of the products of the mills. He believes that if finished lumber was shipped in smaller, trade-marked packages, at a price which would allow a fair profit to the mills, everyone would benefit. He looks upon the present system of old-fashioned price cutting engaged in by competitors as unprofitable and wasteful. His box car, opening at the top like a traveling bag, would greatly reduce the cost of loading and unloading packaged lumber.

Mr. Cornwall points out that there is nothing new in the idea. Sweden has used the box car with removable top for many years. Argentina also uses that sort of box car. In Argentina, for the loading of cattle, stock cars have end doors. The train is placed at the point of loading, the end doors raised, and the herds are loaded from the end of the train, the doors being closed as cars are filled. This is a humane and speedy way of loading cattle, Mr. Cornwall says. It is a minor factor in helping Argentine producers of beef to market at a profit.

When the layman begins to discuss the freight rate controversy he runs the risk of getting out of

his depth. The railway companies will always protest that it is a difficult enough job for them to make both ends meet at the present charge for transporting freight, human and otherwise, and that further concessions would simply mean losses for them. We do not propose to argue with them on these fine points; but we will join with The Vancouver Province and suggest they think over Mr. Cornwall's plan.

DOING WITHOUT HIGHER DUTIES

EGGS FROM BRITISH COLUMBIA AP- parently have made their way into the market of Great Britain. Word has been received from Mr. T. G. Coventry, this province's market representative in London, indicating that the initial consignment arrived on the other side of the Atlantic in good shape, and the shipment, after careful scrutiny by some of the principal egg dealers in London, together with newspapermen and Dominion and provincial government representatives, was pronounced superior to the shipments from eastern Canada.

It is interesting to learn from Mr. Coventry that eggs from this province already have earned a reputation for themselves in Great Britain, that if in the future British Columbia has any eggs to spare, the British consumer will be glad to take them. It is satisfactory from the purely economic point of view, since we now have additional proof that if the producers of British Columbia go about things in the right way, they soon should be able to surmount many of their marketing troubles.

In the matter of eggs, incidentally, anything Mr. Coventry may say about his success in selling the British Columbia product has a special significance. When this province's market representative in London was the member of the provincial Legislature for Saanich, the public at large was told on a number of occasions that unless the Dominion government could be prevailed upon to increase the duty on imported eggs from three cents to eight cents a dozen, most of our poultrymen would have to go out of business. It was pointed out at the time that the argument had no force, that our imports were insignificant, and that the consumer would pay only so much a dozen for eggs, and would do without them if a higher price were asked. An increase in the duty, of course, would have meant an increase in the selling price. But Mr. Coventry—as did his colleagues on the opposition benches in the Legislature at that time—stuck to his contention. It looked to him like a good case against the Liberal government at Ottawa. And as long as there appeared a chance to score what might be considered a political point, little else mattered.

Mr. Coventry now is not concerned with this aspect of the poultry industry of British Columbia. His job in London is to convince the consumers of Great Britain that this province has certain commodities for sale which ought to be able to compete there with similar commodities from other countries. There would have been no exportable surplus of eggs now if the Dominion government had paid any attention to his demand for an increase in the duty. Fortunately for the province, the policies in force foster increased production.

"MAIL THEM EARLY"

THERE IS NOTHING NEW IN THE AD- vice to "Mail Your Christmas Presents Early" this year, but it is just as sound as ever.

Human beings like to procrastinate. With most of us there is a prevailing tendency to let matters wait until the last moment and then go after them as if it was a question of life or death. And the mailing of Christmas presents is no exception.

There is no sound reason why Christmas presents cannot be posted well in advance to avoid flooding the mails at the last moment. At best, the postal system has to handle a tremendously increased volume of mail during the holiday season, and this is all the more reason why it should not be flooded with the bulk of it at the last moment.

You can do your part—play fair with the postman and at the same time insure prompt delivery of your parcels—by mailing early.

WHAT OTHER PAPERS SAY

It isn't the heat; it's the stupidity.—Toronto Saturday Night.

A pretty saleswoman is a first-class counter attraction.—Chicago Daily News.

America has no great cathedrals, but you should see some of the modern bathrooms.—Chattanooga Times.

Our pastor says he often gets up in the morning feeling like converting Clarence Darrow and goes to bed at night despairing of the deacons.—Ohio State Journal.

BETTER FARMING METHODS

The Boston Transcript

It is evident that our agriculture does not need the opening up of more land, nor even the retention in agricultural use of all the land that it is now attempting to cover. What it needs is better sense and organization in marketing its products. The usual procedure of our farmers is to dump their products all at once to the wreckage of prices, instead of distributing their sales with a discreet and general view to the best return and an unglutted market. Farmers are too stubborn to act like a flock of sheep after every dubious lead. They nibble at the earth individually, but sell or withhold their products in confused masses.

THE FADING OF THE JAZZ AGE

The Banner Commercial

To-day there are signs—faint but unmistakable—that the jazz era has reached its apogee and is now in the decline. An authority on music thinks she sees beautiful and musical melodies germinating from the seeds of jazz. College men and professors argue that the whole "collegiate" philosophy is going into the discard. Jazz is a disease of youth, like measles and influenza. College clothes, football hysteria, the hip-pocket flask, roadsters and rumble seats, necking and petting, all the stigmata of the last generation found their inspiration in the youth who reached maturity in the highly wrought atmosphere of the post-war years. Jazz hasn't gone, but it is going. And the tempo of the near future, while rapid, will no longer be quite so jerky.

A THOUGHT

He that walketh uprightly walketh surely; but he that perverteth his ways shall be known.—Proverbs x. He that openly tells his friends all that he thinks of them must expect that they will secretly tell his enemies much that they do not think of him.—Colton.

Loose Ends

A man in Doncaster blows his horn once too often and provokes some profound speculations—some doubtful future is foreseen for "Journey's End" in the talkies, but there is better news of the films.

By H. B. W.

IN DONCASTER recently a motorist was fined for not sounding his horn. Thus inspired to reform, the poor fellow went out and used his horn—and was fined again under other regulations for making an unnecessary noise. This has caused much sympathy and some surprise in the British press, but there is really nothing surprising about it. It should not be surprising in England, where relatively few people own automobiles and the laws are based on this condition. It would not even be surprising here either, where most people own cars and the laws are still based on the assumption that ninety per cent of the public are pedestrians. The theory here seems to be that motorists must be protected and motorists can look after themselves, which is a doubt quite sound in theory, but tends to make motorists, thrown on their own resources look after themselves too well, while pedestrians are too prone to depend on a high-law for protection when a high-powered car is bearing down on them, and the law, after all, is a poor thing in such emergencies.

AT THE MOMENT, therefore, there is a little co-operation between the motorist and the pedestrian, the former regarding the latter as an unnecessary evil and the latter reviling the former as a dangerous maniac. On the main roads, particularly in the country, the motorist finds himself at night almost on top of cyclists who carry no lights and can barely be avoided in time. On the Saanich Road, dazzled by approaching headlights, you are likely at any minute to run down some unfortunate pedestrian who is walking on the pavement because there are no sidewalks after you have gone past Lake Hill about a mile.

THAT THERE are not more accidents under such conditions is amazing, for any motorist knows that a man walking in the darkness is often invisible until you are a few yards from him, even when there are no approaching headlights to blind you. But the law recognizes no such facts, and until sidewalks are built apparently pedestrians must risk their lives and motorists their freedom in such places. Some day perhaps the law will do something about this.

"JOURNEY'S END," the splendid British war play which was produced here recently, is to be made into a talkie. This will be interesting and probably excruciating. For the people who make talkies always know more about a play than its author, and are never too modest to demonstrate this fact. The result is that an author, on seeing how his work has been improved by these gentry, must wonder whether he really wrote it after all, and if so, why. I predict that into "Journey's End" the talkie directors will introduce all kinds of abominations. I even prophesy that this play, which was notable for its absence of what they call love interest, will have women in it, thus destroying the whole spirit of the thing.

YOU WILL also recall that "Journey's End" had one single scene, a dug-out in the front line, and you were kept there continually, for the author's purpose was to maintain the strained, nerve-racking atmosphere of the front without any break in it. You will see that the talkie directors know better than that. There will be dozens of scenes, there will be close-ups, fade-outs and cut-ins. There will be a passionate love story and sex-appeal laid on with a trowel. There will be blinding flashes of night life among the soldiers on leave in Paris. There will be a thin-clothed chorus which will sing various popular songs and a theme song specially written for the piece, something with a sob in every line and at least ten references to Mother and the innocent days of childhood. Every successful picture must be all-talking, all-singing (and all-wet).

WITH ALL these improvements, "Journey's End" will probably go down to history as the most successful musical comedy of the day. Why they can't record the play itself, as it was superbly produced here, with the original lines and the original stage business intact, is one of those mysteries without which the high art of the screen would be dull indeed.

MORE HOPEFUL news of the talkies, however, has just come from New York. There a group of movie magazines, having on hand far more news-reels than the ordinary theatres cared to sandwich into their usual pro-

KIRK'S Sootless COAL

for your Furnace, Heater or Range.

KIRK COAL CO. LTD.

1224 Broad Street Phone 139

grammes, decided to open a theatre devoted to news-reels entirely. To the amusement of all, crowds flocked to this theatre, and it has become so successful that a string of similar establishments will be opened across the continent. Everywhere, nameless, articulate folk, who have no interest in sex, violence or eccentric dancing, are expected to embrace this new opportunity to see and hear what is really going on in the world. Having found an exclusive public of their own, the news-reel men will be bound to improve their already excellent service and soon almost everything of importance will be covered on the screen immediately after it happens.

IN THE past there have been some splendid news-reels, many taken at great risk, but too often that part of the programme has devoted itself to mayors in obscure towns in Ohio laying the corner-stone of the new pound-keeper's residence, parades of volunteer fire departments in Ontario, giggling girls breaking ginger ale over the bows of new ships, and other depressing spectacles. With the coming of the talkies there has been a vast improvement and you may see and hear the eminent people of our time almost as well as if you were in the same room with them. The great mass of theatre-goers will insist, no doubt, that such views be compressed to a minimum so that all available time may be devoted to the seven deadly sins, but a smaller group will make the talkies a tremendously important thing in the enlightenment of the world.

The Weather

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, Dec. 2—5 a.m.—The barometer remains high over this Province and colder weather is spreading southward. Zero temperatures are reported in Saskatchewan and Manitoba and intense cold extends to the Southern States.

Reports
Victoria—Barometer, 30.12; temperature, maximum yesterday, 48; minimum, 41; wind, 4 miles N.; weather, cloudy.
Vancouver—Barometer, 30.16; temperature, maximum yesterday, 44; minimum, 38; wind, calm; weather, foggy.
Prince Rupert—Barometer, 30.13; temperature, maximum yesterday, 42; minimum, 34; wind, calm; weather, foggy.
Nanaimo—Barometer, 30.14; temperature, maximum yesterday, 44; minimum, 32; wind, calm; rain, 62; weather, foggy.
Port Hardy—Barometer, 30.14; temperature, maximum yesterday, 48; minimum, 44; wind, 25 miles N.W.; weather, clear.
Pitt Meadows—Barometer, 30.05; temperature, maximum yesterday, 58; minimum, 38; wind, 4 miles N.W.; weather, clear.
Seattle—Barometer, 30.06; temperature, maximum yesterday, 44; minimum, 38; wind, 4 miles N.E.; rain, trace; weather, cloudy.
San Francisco—Barometer, 30.06; temperature, maximum yesterday, 56; minimum, 50; wind, 4 miles N.; weather, cloudy.

TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, December 2, 1904

The management of the local telephone company announces that long distance communications were opened yesterday with Bellingham, Wash. and way stations.

Weather Forecast—Victoria and Vicinity—Light to moderate winds generally fair and colder.

Joseph D. Pemberton, second son of the late J. D. Pemberton, of "Gonzales," and Helen Mary Yoder Bala, eldest daughter of Mr. and Mrs. James Bala, formerly of London, England, were united in marriage at Christ Church Cathedral yesterday afternoon.

For what officials considered illegal fishing in some of the fresh water streams flowing into Knight's Inlet, the little steamer Delta, built for service around the Fraser delta, was recently placed under arrest and fined \$200.

The monthly sweepstakes of the Victoria Ladies' Golf Club are taking place this afternoon at Oak Bay.

An important meeting of the Fifth Regiment officers' mess was held last evening, when several matters of general interest were discussed. One of the first questions dealt with was whether the band, disbanded owing to the withdrawal of J. H. Finn, should be reorganized.

Society for the Prevention of Cruelty to Animals

Victoria Branch

ANNUAL MEETING Will Be Held on WEDNESDAY, DECEMBER 4, 1929, at 8 p.m., at NO. 40 ARCADE BUILDING, Broad Street, Victoria, B.C.

Other People's Views

Letters addressed to the editor and intended for publication must be short and to the point. The editor reserves the right to shorten the length of letters, and to delete the names of authors. The editor is not responsible for the return of letters. The editor is not responsible for the return of letters.

WATERFRONT

To the Editor: It looks as if the very much needed improvement was at last on the way, and undoubtedly, if carried out, will add much to Victoria's attractions.

As apparently the old Clover Point wharf is still owned by the Dominion Government, would it not be well to move to have this turned over to the city, who would control the situation and stop the dumping of rubbish there and gradually work it into a well-defined scheme which would give Victoria the finest stretch of waterfront in this part of the world?

The letter of your correspondent "Citizen" in the Times of November 27 is right as regards rinks, auditoriums, etc. No one wants to see this, but we do want to see the great natural advantages we have developed along with and suitable lines, which can be done at small cost.

In the hands of experienced people there would be no trouble to work out a plan, as there are many shrubs and plants which would grow to perfection on this area, if the advice of those who know the business were taken.

HOPEFUL

Victoria, B.C., November 28, 1929.

Rev. Dr. W. G. Wilson will give a lecture in the auditorium of First United Church on Wednesday, December 4, 8 p.m., subject being "Ereignations of a Person." No admission will be charged but a collection taken.

Albanian Ex-Minister Wounded in Athens

Athens, Dec. 2.—An unidentified assailant, believed actuated by political motives, shot and wounded Kotech Tassi, former Minister of Justice of Albania, Saturday night as he was walking in Zappeion Park here with his wife, who was crowned "King of the Albanians" in the Albanian Parliament.

The gunman fired four shots, two of which struck Tassi, and then escaped. Tassi and his wife were opponents of King Zogu and have lived in Greece since he was crowned "King of the Albanians."

Used To It
Henry—Can you beat it? I called him a liar, a fool, and a crook—and he never said a word!
Thomas—Force of habit, old chap. He's a football referee.

MRS. WILSON FIGHTS SHY OF PRESS

Widow of Former President Woodrow Wilson Returns From Orient By Empress

Interest Displayed in Medical Activities of Dr. Teusler in Japan

"I have always made a point of never being interviewed, I am sure you will understand," said Mrs. Woodrow Wilson, widow of the late President Wilson of the United States, when asked for her impressions of the Far East following arrival here on board the liner Empress of Canada Sunday afternoon.

Mrs. Wilson was accompanied by Mr. and Mrs. A. E. Phillips, and their son, Master J. Phillips, of Richmond, Va., who are returning home after a tour of Oriental countries. Mrs. Phillips was a school friend of Mrs. Wilson in Virginia. They met at Yokohama, and were inseparable during the voyage across the Pacific.

DECLINED INTERVIEW
She graciously but firmly declined to make any statement for publication. As soon as the immigration and customs formalities had been concluded, Mrs. Wilson, accompanied by Mr. and Mrs. Phillips, came ashore and made an automobile tour of the city.

After the Empress of Canada had docked here yesterday, Mrs. Wilson's ingenuity was taxed in her efforts to evade a battery of moving picture and still cameras. She clearly indicated that she did not seek publicity.

As chaperone of the White House from December 18, 1915, to the time when President Wilson left office in 1920, Mrs. Wilson was naturally much in the public eye, and while she disliked the inevitable publicity, proved a wonderful helpmate to her famous husband.

She accompanied President Wilson on his visit to the Versailles Peace Conference and was constantly with her husband during the long illness which resulted in his death. Since President Wilson died early in 1924, Mrs. Wilson has traveled extensively and spent much time at Geneva.

Quadrant P.T.A. Bazaar—On Wednesday a sale of work will be held in the Quadrant Street School auditorium opening at 3 o'clock. Various useful presents will be on display. Afternoon tea will be served. An invitation to all interested in the bazaar is extended. At 8 o'clock in the evening a court-what drive will be held. Refreshments will be served and prizes awarded.

Camosun Chapter—The monthly meeting of Camosun Chapter, I.O.D.E., will be held on Wednesday, December 4, at 2:30 o'clock in the headquarters Union Building.

Personal Items

Mrs. J. H. Taylor, Linden Avenue, spent the week-end in Vancouver as the guest of friends.

Miss Mary Helenbury is visiting in Vancouver as the guest of Mr. and Mrs. Harry C. Briggs, the Angus Apartments, Davie Street.

Miss Clara Bratt of Victoria is spending a few days this week in Seattle as the guest of Capt. and Mrs. Frederick A. Metcalf.

Mr. and Mrs. George Hallet of Trutch Street have been spending the week-end in Vancouver and will return to the city to-morrow.

Miss Dawson, of St. Charles Street, has been spending a few days in Vancouver as the guest of Mrs. F. E. Proctor.

Col. Riddle, of London, England, is on his way to Victoria to visit his son and daughter-in-law, Mr. and Mrs. Alex. Riddle, of Sanilich.

Dr. Campbell Davidson of Parkville has been a visitor in Victoria over the week-end as the guest of General Money at the Empress Hotel.

Mr. and Mrs. R. P. Butchart of Victoria were recent guests at the Drake Hotel on Lake Shore Drive, Chicago, en route for New York.

Mr. and Mrs. George S. Bray and family of Los Angeles, accompanied by Mrs. H. Loewen arrived at the Empress Hotel, this morning to spend some time on the island.

Miss Harriet of California, who has been visiting in Victoria as the guest of her brother-in-law and sister, Mr. and Mrs. A. H. Mitchell, Yates Street, has returned to her home in the south.

Mrs. F. W. Vincent, Erie Street, who has been visiting in Vancouver as the guest of her sister, Mrs. W. H. Armstrong, returned to Victoria at the end of last week.

Mr. W. J. Rant, of Victoria, has been spending a few days in Vancouver, visiting his son-in-law and daughters, Mr. and Mrs. Guy Marriott and Mr. and Mrs. E. Clarke.

Mr. S. Sussman, after a short visit in Victoria, with his mother, Mrs. Charles Rowell, returned yesterday afternoon to his home in Port Townsend.

Mr. Frank J. Burd, managing editor of The Vancouver Province, accompanied by Mrs. Burd, was a visitor in Victoria at the week-end and left yesterday for Seattle on a short visit.

Mrs. J. L. Pinder of Elk Lake, who has been visiting in Vancouver as the guest of Mrs. Drummond-Hay, George Road, returned yesterday to her home at the lake.

Mr. and Mrs. W. B. George, who have been in Vancouver for the last few days attending the mining conference, have returned to Victoria and are at the Dominion Hotel until they take up their residence here.

Mrs. Allingham, Dunsmuir, who has been the guest of Senator and Mrs. G. H. Barnard, "Duvals," Rockland Avenue, went yesterday to Hatley Park, where she will be the guest of Mr. and Mrs. Dunsmuir until December 18, when she will return to her home at Sanilich, California.

Mr. and Mrs. R. P. Butchart and Mr. and Mrs. Harry A. Ross of Victoria were among the passengers who sailed from New York to-day aboard the world famous liner Empress of Australia. The Victoria passengers will leave the ship at Madeira, where they will spend the winter months.

Mrs. E. C. Hayward entertained a number of guests at her home, 2470 Bowker Avenue, on Saturday afternoon, when she gave an interesting and enjoyable Shakespearean play, "The Tempest." At the conclusion of the play a table d'hôte was served from a table charged with a bowl of orange colored chrysanthemums, the hostess being assisted by her daughter, Miss Florence Hayward.

Mrs. B. Campbell of 841 Pandora Avenue, announces the engagement of her only daughter, Jean Grahame, to William Whitehouse, second son of Mr. and Mrs. J. W. Whitehouse, 74 San Juan Avenue, Victoria. The wedding will take place at Christ Church Cathedral early in December.

Miss Empson of London, England, who has been visiting in Victoria for the last two weeks as a guest at the Empress Hotel, entertained at a farewell tea on Saturday afternoon at the Empress Hotel. Miss Empson will leave to-morrow afternoon for Seattle en route to California to spend the remainder of the winter in the south.

Miss Mae Dinale entertained at a tea at the Empress Hotel on Saturday afternoon, complimentary to Miss "Babe" Le Page, whose marriage to Mr. Martin Farelus, of Portland, will take place on December 14. The guests were: Mrs. Eric Birch-Jones, Miss Helen Colman, Mrs. Evelyn Wheeler, Miss Lou Polley, Miss Elsie Watts, Miss Kay Smith, Miss Margaret Adams, Miss Isabel Turner, Miss "Bee" McMillan and Miss Eleanor Dinale.

Mrs. Margaret Sanderson, who has been spending the last few days in Victoria as the guest of her mother, Madame Sanderson-Mongin, returned yesterday to Seattle to continue her studies at the Cornish School of Art.

Mrs. D. B. Sprague of Winnipeg, who has been visiting in Victoria as the guest of Mr. and Mrs. J. O. Cameron, "Roseboro," returned to her home in Winnipeg on Saturday.

On Thursday evening at "Broad-bane," 2347 Windsor Road, a quiet wedding took place in the presence of a few intimate friends of the principals, when the Rev. Dr. Campbell officiated at the marriage of Miss Phyllis Eva McKillop and Mr. Charles John Cowper, both of Sidney, B.C.

The bride was handsome in a georgette gown and hat en suite, and was attended as matron of honor by Mrs. Elsie L. McKillop. The groom was accompanied by Messrs. Henry A. and William V. McKillop. After a honeymoon in this city Mr. and Mrs. Cowper will make their home in Sidney.

Mr. and Mrs. C. P. Cronk, 624 Manchester Road, were hosts at a family party on Saturday evening, the occasion being the wedding of their daughter, Miss Mary Cronk, to Mr. W. A. Hurley of 2534 Grahame Street, who were married at Bristol, England, on November 30, 1929. They have been residents of Victoria for nearly twenty years. There are three sons and three daughters of this city, and one son and two grandchildren of Schenectady, N.Y. During the evening Mr. F. H. Hurley presented his parents on behalf of the family with a bouquet of flowers and a purse of gold.

The Tudor grill at the Empress Hotel was crowded with guests on Saturday evening for the weekly supper dance, which is proving a most popular rendezvous for local residents and out-of-town guests. The tables were most attractively arranged with flowers, and the eight-piece orchestra provided an excellent programme of dance music. Among the many who reserved tables were Col. and Mrs. Sharnard, who entertained twenty-eight guests; Mr. and Mrs. Treach, with a party of twenty; Mr. and Mrs. Norman Yarrow, Dr. M. J. Keys, Mr. C. H. Rutherford, Miss E. Taylor, Mr. P. J. and Mrs. J. Jennings, Mr. Oliver, Mr. Diespacher, Mr. Bromley, Mr. Veitch, Mr. Douglas Hunter and Miss Mary Hunter, Mr. and Mrs. C. D. Cusance, Mr. W. Child, Mr. Godwin, Mr. Hobson, Mr. K. Dennison, Mr. R. Ditchburn, Col. Tremain, Mr. A. B. Crump, Mr. Bosch, Commander Allyn, Mr. W. Fullerton, Mr. W. Hutchinson, Mr. W. Hurlstone, E. W. Brown, Mr. Taylor, Dr. A. Nash, Mr. Harvey, Mr. H. P. Crowe and Mr. Hood.

The executive of the Victoria Presbyterian, including officers and representatives of the different auxiliaries to the number of over twenty were present at the November meeting which met on Friday afternoon in the parlor of the First United Church.

Mrs. Jewell, president of Wilkeson Road W.M.S., led in devotion, taking as her theme the "Christmas Story," contrasting the tumultuous joy of the angels with the unbroken manifested love on earth in connection with the coming of Christ. Even to-day the speaker remarked, we manifest too great indifference in regard to the greatest of all gifts.

Mr. W. G. Wilson was welcomed back from his trip to Europe and Mrs. MacDonald as a representative from the Courtney auxiliary. Mrs. Huggins' resignation was regretfully received as G.O.L.T. superintendent.

Mrs. W. A. Guy kindly consenting to take over Mrs. Nixon's work for the remainder of the year.

It was decided to hold the annual meeting of the Presbyterian on January 29, 30 and 31.

Mrs. Hood, the president, had received word that Miss Agnes Chan would be in Victoria during the Christmas holidays, so it was decided to hold a reception in Miss Chan's honor during her stay here. Miss Chan was in Victoria, having been a nurse in Canton during the troublous time of the revolution.

A report of the Prohibition Convention recently held in Vancouver was given by Mrs. Wilkinson. Mrs. Laing, secretary, reported the receipt of four certificates of church membership for transfer to B.C. churches. Two certificates have recently been received from residents of the Old Country.

The meeting closed with the Mizpah benediction.

Lady Douglas Chapter—The monthly meeting of the Lady Douglas Chapter, I.O.D.E., will be held in the headquarters Union Building on Thursday at 2:30 o'clock.

LOCAL GIRL WED IN CHINA

Miss Annie Miller and A. K. MacKenzie Married in Shanghai Recently

Many local friends of the bride will be interested in the account of the wedding of Miss Annie Miller, recently of Victoria, which took place in Shanghai, China, on Thursday, October 24, as described in The Shanghai Times as follows:

"One of the most interesting weddings of recent weeks took place yesterday afternoon at Holy Trinity Cathedral, when Miss Annie Miller, only daughter of Mr. and Mrs. J. Finley Miller of Hongkong, became the wife of Mr. Alexander Kenneth MacKenzie, younger son of the late Mr. Alexander MacKenzie of Hongkong and Mrs. MacKenzie.

"Miss Miller is a recent arrival in Shanghai from Victoria, B.C., while Mr. MacKenzie is connected with Messrs. Reiss, Massey and Company Limited.

"The bride chose, Miss Nani Pugh as her attendant, while Miss Kitty Rose and Miss Joan Ross served as flower girls. Mr. William W. MacKenzie, his brother's best man and the ushers were Mr. H. B. Cleland and Mr. John Henry. Dean Trivett read the service, while Mr. R. C. Young was at the organ. Mr. G. H. Piery sang 'I Will Lift Up Mine Eyes to the Hills.'

"The bride was given away by her father. She wore a charming gown of French tulle, with an applique design of roses of silver and the same material. The bodice followed the fashionable long, straight lines, while the scalloped skirt the uneven hemline. The gown had a court train. The bride's veil, of embroidered Brussels net, was held in place with a wreath of orange blossoms and white heather, while she carried a shower bouquet of white roses, orange blossoms and sweet peas.

"Her bridesmaid wore a powder blue chiffon frock, silver trimmed, with a coat of the same material and matching hat. Her bouquet was of pink carnations. The flower girls were dressed in the same color, quaint period frocks of georgette and taffeta, with baskets of pink carnations.

"Mrs. Miller chose a French blue ensemble of tulle and georgette, with a blue velvet hat to match, while Mrs. MacKenzie wore silver lace over champagne, with a silver and mauve hat. "A reception, at the home of Mr. and Mrs. J. B. Ross, followed the ceremony at Holy Trinity. Mr. P. W. Massey proposed the health of the couple.

"Mr. and Mrs. MacKenzie are going to Japan on their honeymoon. As her going-away costume, Mrs. MacKenzie chose an ensemble of blue moire, completed with a fur of stone marten."

TO BE SPEAKER AT CLUB LUNCHEON

LADY CLARE ANNESLEY

daughter of an Irish peer and well-known worker in the British Labor Party, will speak at a special luncheon arranged by the Women's Canadian Club in her honor at the Empress Hotel on Saturday next. Her subject will be "Britain's Foreign Policy."

As Lady Clare has to leave Victoria on 2 o'clock boat on Saturday for Vancouver, the luncheon will commence promptly at 12 noon, and all members are asked to be in their places by that time. Tickets for the affair may be obtained at Fletcher's, Scurrah's and Angus Campbell's and should be secured without delay in order to avoid disappointment, as seating accommodation will be limited.

Friendly Help—The monthly meeting of the Friendly Help Association will be held to-morrow morning at 10:30 o'clock in the rooms, Market Building, Commercial Street. All members are earnestly requested to be present, as there is important business to be attended to, and plans for the Christmas work are to be made.

Hollywood Ladies Aid—The December meeting of Hollywood Sunday School Ladies Aid will be held by the courtesy of Mrs. N. O. Huggins at her home, 1635 Pinewood Avenue, on Thursday afternoon at 3 o'clock. The principal business will be arranging the Christmas treat for the Sunday School children. A full attendance of members is requested.

EX-PRINCESS IN JAIL IN RUSSIA

Sister of Lady Kynaston Studd Imprisoned For Bible Reading

London, Dec. 2.—A dispatch from The London Daily Mail from Riga, Latvia, said ex-Princess Sophie Lieven, sister-in-law of Sir Kynaston Studd, who was Lord Mayor of London last year, had been imprisoned in the Lublanka jail in Moscow for political police for her Christian missionary activities in Russia. The chief charge against her was said to be that she read the Bible to children of Soviet workers.

The family has no word of the arrest, but said that owing to difficulties in communication they have not had regular direct correspondence with Princess Sophie.

Sir Kynaston married as his second wife in 1924 Princess Alexandra Lieven. The former princesses are daughters of the late Prince Paul Lieven, grand master of ceremonies at the Russian imperial court.

Guilt Sale Successful—A most successful bazaar was arranged by the Women's Guild of the First United Church was held in the church hall and lower tea room on Saturday afternoon when a very large assemblage of ready purchasers were present. The beautiful were offered for sale in the different booths were speedily depleted. The tea room on the lower floor, when Mrs. Bunn and Miss MacCallan with several helpers presided was most successfully patronized so that in all a goodly sum is forthcoming to add to the exchequer of the Guild ladies.

"Go Slow, Mary," three-act comedy, Friday, December 6, First United Church Hall, commencing at 8.15 p.m. Tickets, 35c, under the auspices of the Axioma Young Ladies Bible Class. Proceeds for Christmas hamper work.

MR. TOKUGAWA IS SPEAKER AT OTTAWA EVENT

Japanese Minister Addresses Capital City Canadian Club

Ottawa, Dec. 2.—Japan's thoughts on international questions were sketched before members of the Ottawa Canadian Club by Hon. Iyemasa Tokugawa, Japanese Minister to Canada, here Saturday.

Expressing the belief his country's chief concern in her foreign affairs was the constant disturbance in China, the Japanese Minister declared his wish for the steady and speedy restoration of peace and order in China.

Mr. Tokugawa spoke hopefully for the success of the naval disarmament conference to be held in London in January and emphasized that Japan was not a war-like nation.

PREMIER ATTENDS

It was a distinguished audience he faced in making his initial public utterance in Canada since appointment to his recently created post—and in his remarks Mr. Tokugawa had references for the necessity of the present arrangement for Minister of Canada and Japan at the respective capitals of the two countries. Premier W. L. King and other members of the Federal cabinet, representatives of the judiciary and the Canadian press, with men in every walk of life in the capital heard the Japanese Minister.

CANADA AND JAPAN

"The Japanese people," Mr. Tokugawa declared, "regard Canada as the closest of the British Empire Dominion Governments, that she is by far the nearest to Japan, and that she is in the most close relationship, geographically and otherwise, with a country with which Japan is also united by strong bonds of friendship. In other words, the Japanese people are fully aware of the great importance of the triangular relations, so to speak, which happily exist between Canada, the United States and Japan. The Japanese people further realize that trade with Canada is increasing in size and importance and they hope articles produced in Japan may make further and substantial advance still further in the Canadian market in exchange for Canadian goods. These are the principal points that characterize the relations as the Japanese people view them, between Canada and Japan. So when the decision on the opening of direct diplomatic intercourse between the two countries was made, the satisfaction which was expressed in Japan was not only unanimous, but also genuine.

"It was thus with full support of the whole Japanese nation that the Japanese Legation in Ottawa came into existence."

School Bazaar At Esquimalt On Wednesday

A Christmas bazaar will be held in Lamson Street School, Esquimalt, on the afternoon and evening of Wednesday next.

In preparation for the occasion girls of the school have been dressing hundreds of dolls, preparing Christmas novelties, and making different kinds of candies, while the boys have made a number of most interesting toys for sale. Parents and friends of the school have generously donated valuable articles and goods of all kinds. An interesting booth will be that in charge of Santa himself, where surprise packages will be sold.

In the course of the afternoon the girls will serve a dainty tea, while the boys are conducting their "skid-road" games.

The services of Messrs. Bourke and Merrifield have been secured to provide a lively entertainment in ventriloquism and black magic, and a famous but anonymous crystal gazer will foretell the fortunes of all interested in that art.

ACTORS FORMING UNION NOW IN GREAT BRITAIN

London, Dec. 2.—Actors and actresses meeting last night in the Duke of York's Theatre here, decided to launch a theatrical trade union on lines similar to those of the Actors Equity Association in the United States.

A resolution was passed that "this meeting urges actors and actresses in this country to form and unite in an effective organization and to abandon every consideration which might prejudice this result."

A. M. Wall, secretary of the London Trades Council, presided. Marie Burke told her fellow actors: "We must sink any snobbish feeling and realize this is business, we are in. To most of us it is our bread and butter. I am sure that if we could get an organization along the same lines as in America, we could look after ourselves."

Pupils in Fine Piano Recital On Saturday

A large audience attended St. Saviour's school, Victoria West on Saturday evening when the pianoforte pupils of Miss Mary Silk gave a recital, the numbers being interspersed by contributions from other artists. It was also the occasion of the presentation of certificates to Miss Silk's pupils who had been successful in the examinations of the Associated Board of the Royal College of Music and the Royal Academy of Music, England.

The recipients were: Grammar of music, Adelaide Alexander, Ellen Pearce, Harold Gonsman, Dena Pastro, Lillian Bright, pianoforte, Ellen Pearce, Dena Pastro, Lillian Bright, vocal, for their Christmas bazaar, Dena Pastro, Lillian Bright, Gordon Scott.

Other assisting in the programme included Ray Griffiths, who rendered two violin solos in a very able manner, and Fred Hooper, who was heard to advantage in two songs. On behalf of the pupils, a beautiful souvenir of the occasion was presented to Miss Silk by Pearl Winter, and Phyllis Going presented a beautiful bouquet of flowers to Miss Silk.

Church of Our Lord to Hold Bazaar Tuesday

A variety of pretty, dainty wares of every description have been made by the members of the Ladies' Aid of the Church of Our Lord, Reformed Episcopal, for their Christmas bazaar to be held to-morrow afternoon from 3 until 6 o'clock in the schoolroom, adjoining the church on Humboldt Street.

The hall will present a most attractive appearance with its artistically decorated stalls for the sale of needlework, novelties, home cooking, Miss Murray's delicious candies, superlatives, and a fish pond for the kiddies. The ladies will serve a particularly appetizing tea, and they look for the girls to be conducting their "skid-road" games.

Dance to Raise Funds For Boys' Central Reunion

To raise funds for the big reunion of past and present pupils of the Boys' Central School to be held in Victoria next May, the reunion organization will hold a card tournament and dance on Thursday evening at 9 o'clock in the new Shrine auditorium, View Street.

Dancing and card playing will be in progress simultaneously. Refreshments will be served. Mr. Herbert Kent will be master of ceremonies.

Those intending patronizing the social event may obtain tickets at Maynard's sample shoe store, Kent's music store, W. & J. Wilson's, the Sylvester Feed Company, or by telephoning 418.

Too Perfect
Salesman—This car is a wonder. It goes so gently that you do not notice the motion, the engine is silent, the gas burns so well that there is no smell, and the speed is such that one can hardly see the car fly by.

Prospective Buyer—But can't I see another make of car? What is the good of one that I shall not know I have?

Four special concerts at the Empress Hotel this season, December 11, January 25, March 28, April 17.

YOUR BABY and MINE

By MRS. METER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

IS YOUR BABY AN ORANGE MAN OR A RED?

No, no, don't jump to conclusions! I don't mean that the infant you are cherishing has ancestors from the North of Ireland or that he is already snowing distinct socialistic tendencies. But if your baby has reached the age of two or three months, he must already have asserted his preference for either orange or tomato juice.

Whether the baby is breast or bottle fed he must have fruit juice, and it is up to the mother to find out whether orange or tomato juice is best suited to her baby and in what way and at what hour his young majesty would prefer to take it.

ORANGE JUICE

Most babies like orange juice, but if it is a sour juice and not well diluted, some will make wry faces and spit it out. Others will swallow it and regurgitate a little later. Rarely, however, should the mother from giving baby his necessary fruit juices, but they should inspire her to try feeding them in a slightly different way.

One mother we know has given orange juice and baby promptly spit it out. She ignored it. Next day she tried less juice and more water, offered it to baby a tiny bit at a time, almost too small an amount to spit out, and he sucked the spoon.

STEE FEEDING TO THE BABY

Giving a baby his orange juice just before bath time sometimes results in it being spit up. Try it after bath time and just before the bottle.

Quintanilla now with the mixtures of tartic acid or citric acid and milk (the latter being lemon juice usually) to see that baby's stomach will rebel. We know that baby's stomach will rebel.

Some valuable studies will be used to illustrate the interior of many of the important observatories, such as Greenwich and Paris; also the famous Lick Observatory in California; the great Yerkes telescope at Chicago; and Great Mt. Wilson Observatory at New Pasadena.

For some time astronomers have been paying particular attention to the Planet Mars, and the possibilities of life on that planet. The lecturer will deal with this phase with special reference to the work done by the Lowell Observatory.

TO GIVE TALK ON FIELD PEA PRIZE OBSERVATORIES AT CHICAGO WON BY LADNER MAN

A lecture on "Observatories and Their Work" will be given in Amphion Hall to-morrow by W. E. Harper, assistant director of the Spanish Observatory.

Some valuable studies will be used to illustrate the interior of many of the important observatories, such as Greenwich and Paris; also the famous Lick Observatory in California; the great Yerkes telescope at Chicago; and Great Mt. Wilson Observatory at New Pasadena.

For some time astronomers have been paying particular attention to the Planet Mars, and the possibilities of life on that planet. The lecturer will deal with this phase with special reference to the work done by the Lowell Observatory.

The lecture will be of a popular character and not technical in its terms, and will be held under the auspices of the Royal Society of St. George at 8 o'clock.

YOUR CHILDREN

BY OLIVE ROBERTS BARTON

A child specialist, addressing a group of parents, said: "The big word to carry through with you in this puzzling problem of bringing up children is 'Don't'."

Of course, his audience looked up in surprise, for to all intents and purposes that had been the very word they were told was taboo.

But he added quickly: "Oh, no, not for the children—but for yourselves. As a matter of fact, child training is not child training at all, but parent training or parental restraint."

And then he enumerated about twenty "don'ts" for parents. "Don't" don't discourage, don't suggest fear, don't give him the idea that he's a good, don't set wrong examples, and on down through a familiar list that probably fitted a good many of the parents present.

"And then he wound up with: 'Don't' insult your children."

CAN CHILDREN BE INSULTED?

A good many stiffened at this. Wasn't he going a bit far? Who insulted their children? What was he talking about?

But when he had finished they understood. "You're a dirty little pig. Look at your hands!"

"Don't be so mean—I wouldn't be as mean as you are for anything!"

"You're lazy!"

"You're stupid!"

"You're a liar!"

"I saw you sneak that apple!"

We wouldn't talk to grownups that way, or if we did we'd do it as the 'virginian' impressed his enemy with.

SCANDINAVIAN RECITAL SOON

Interest Keen in Programme at Metropolitan Church December 10

The Scandinavian recital which will be presented in Metropolitan Church on Tuesday evening, December 10, is creating a great deal of interest and promises to be an outstanding event. A most comprehensive programme has been arranged under the direction of Ira Dilworth and will illustrate not only the works of the best composers of the north, but also the peculiar characteristics of their music, which is decidedly national and interpretative of the spirit of the north-land.

A group of soprano songs from Grieg, Palmgren and Kjerulf will be sung by Mrs. Thelma Johns, while Dr. T. H. Johns will sing a group from Gade, Edberg, Grieg and Kjerulf.

An interesting part of the programme will be a number of folk songs specially arranged by Mr. Dilworth for a mixed quartette, composed of Miss D. Parsons, Mrs. Johns, Nelson Hicks and Dr. Johns. The instrumental part of the recital will be illustrated by Miss Dorothy Morton, pianiste, and Edward Parson at the organ, who will not only play a group of selections from recent compositions, but also a companion for the evening will be Miss Beatrice Hicks.

CHRISTIAN SCIENCE CHURCHES

"Ancient and Modern Necromancy, Alms Memoriam and Hypnotism, Deceased," was the subject of the Lesson-sermon in all Christian Science churches and societies on Sunday.

"Thus saith the Lord God: Woe unto the foolish prophets, that follow their own spirit, and have seen nothing!" (Ezekiel xiii: 3) was one of the Scriptures texts contained in the Lesson-sermon.

Following the reading of the Bible texts, passages were also read from "Science and Health" with Key to the Scriptures, by Mary Baker Eddy, one passage being the following from page 104: "Christian Science goes to the bottom of mental action, and reveals the theory which indicates the emanation of divine Mind, and the consequent wrongness of the opposite—materialism, animal magnetism, hypnotism."

London, Dec. 2.—At the International Live Stock Exposition here Saturday, in the hay and grain section, W. G. Gibson of Ladner, B.C., took the championship in the field pea division.

His sample of large yellow field peas going on to the title after having won their own class. William Dandridge of Ladner, B.C., won the reserve championship. H. U. Cybunie of Wembley, Alta., took the first prize in the small yellow class.

In the red clover seed class, A. Fitzgibbon of Selkirk, Ont., won second place, with C. D. Galentine of Jerome, Idaho, taking first. Carson Foote of Duchesne, Alta., was second in the alfalfa seed class. A. Lohndorf of Bowen, Alta., took fifth, the highest Canadian placing in the timely competition.

The western competition in alfalfa seed found T. A. Jones of Brooks, Alta., finishing only a step behind Archie Wilson of Hyamman, Mont., for first place. Wilson's sample going on to be recognized as the champion of the show. Don Loney of Cassia, Alta., finished fifth in the western division.

WOMAN KILLED IN AUTO CRASH

Oakland, Cal., Dec. 2.—One woman was killed, another was probably fatally injured and five other persons received minor cuts and bruises early yesterday in a collision between two automobiles at the Eighth Avenue and East Tenth Street intersection here.

Mrs. Jessie Stripe, thirty-nine, of Berkeley, a widow, and mother of two children, was pinned beneath one of the machines and was fatally crushed.

Miss Helen Klubo, nineteen, a passenger in a second car, received internal injuries which may cause death.

Bishop of London Tells Why Many Become Atheists

London, Dec. 2.—The Bishop of London in a sermon in Westminster Abbey last night stated that "Pictures of roasting souls in Hell make more atheists than any other thing in the world." He said it seemed certain that passages in the Gospel of St. Matthew on the subject of future punishment attributed to our Lord were not said by our Lord at all.

We wouldn't talk to grownups that way, or if we did we'd do it as the 'virginian' impressed his enemy with.

"When you say that, smile."

But better still, as the specialist suggested, "Don't say it at all."

If we see where our children need correction, it's better to go about doing it without preface than with an insult. It is dumb or lazy or dirty or greedy or a coward? He'll stoutly deny it. "I'm not dumb," or "don't you say that I'm mean. I'm not a mean boy."

EXCHANGE OF INSULTS

One day in school a teacher told a boy he was too stupid to learn.

"I'm not any more stupid than you are!" he retorted, "or you could teach me."

"Go to the office," she said sternly. "I don't permit boys in my room who insult me. You are impudent."

"You insulted me first," he remarked, "and I have feelings the same as you."

Oh, no, we parents can't be Chesterfields to our children and set up a set of superficial manners in place of honest-to-goodness training. When a child needs telling he needs telling; that's all, but judgment and tact are far better than an epithet that is both unfair and not always true. Go after him, but go after him right. "I'm not so-and-so," he isn't being impudent. He has a right to defence.

Current Events Club—The Current Events Club held its usual meeting on Friday night at the Y.W.C.A., with a good attendance. Mrs. McKean led an interesting discussion on the events of the past week. Miss Ada Travis in an original, instructive and educational manner outlined the plans of the Great St. Lawrence Waterways, and showed the importance of this mammoth project and its practical value to the world at large. The club will meet on Friday, December 6, when there will be an address given on the Chinese situation.

LABOR LEADER PAYS TRIBUTE TO ROWELL

CLOSER COMRADESHIP
Mr. Moore expressed a most hopeful view as to the outcome of the Kyoto discussions, which were conducted with the utmost frankness by men who thoroughly understood their subjects.

Such conferences, Mr. Moore said, could not help but create a closer comradeship between nations and by helping to remove misunderstandings should lead to a world order founded on goodwill and mutual understanding, which was the main objective of the Institute of Pacific Relations, said Mr. Moore.

He was impressed with the high calibre of the delegates from all countries represented at the conference, and who demonstrated clearly that they were in close touch with world developments.

Japan and China had most able representatives at the conference, in the opinion of the Canadian labor leader.

MANCHURIAN INCIDENT
In touching briefly upon the only discordant conference when Chinese and Japanese delegates spoke bluntly on the Manchurian question, Mr. Moore said he was surprised by the restraint which actuated both countries in arriving at an understanding based on each other's viewpoint. At the same time, Japanese representatives were most amiable.

LABOR PROBLEMS
Two whole sessions of the Kyoto conference were given over to the discussion of labor problems. Mr. Moore said, one having to do with the "Interest of Labor in Pacific Relations," and the other dealing on the "Machine Age."

Notable international delegates joining in the discussions—besides Mr. Moore—were Paul Schenbourg of San Francisco and Bunji Suzuki, leader of the labor movement in Japan.

CHILD LABOR
Child labor is largely employed in the textile industry of Japan, Mr. Moore stated. It appeared to be the normal condition in the employment of girls between the ages of fourteen and twenty years. The average age was between sixteen and seventeen years. These girls attended the most modern machinery imported from Great Britain, Germany and the United States.

In one textile plant visited by Mr. Moore he found 3,000 girls employed, and but 500 men. "It reminded me

LADIES' HANDBAGS

Peace of Leaders Is Threatened in National Hockey League

THE SPURS MIRROR Race For Lead In First Division Is Tightened Up

NEWSY LALONDE must be given credit for providing Ottawa with a real championship contender in the N.H.L. race this season. The Senators are riding high in the position in the International section, and by the way they have been winning games it will take a lot of hard work on the part of the other clubs to dislodge them from their position. With King Clancy, Frank Finnegan, Red Kilrea and Joe Lamb, Lalonde has a quartette around which he has built a real team. Individually the Senators are not any greater than any of the other clubs, but the difference lies in the fact that the Ottawa stars combine brilliance with fine team play. The above-named quartette has taken to the new rules as though they designed them to suit their own requirements. The day of defensive hockey is over, and it seems remarkable that one of the chief exponents of the "kitty-bar-the-door" type of hockey should adapt himself so quickly to the new order of things. Maybe that is where the Senators coaching fits in. He knows the rules because he played under them in the W.H.L.

On thing that is hard to figure is just how Frank Nighbor will fit in on the present Ottawa team. Nighbor lacks the speed and stamina required, and while the team is going so well his presence in the line-up is not necessary. Perhaps when the pace begins to show its effect on the players who are now carrying the load, the Pembroke veteran will get his chance.

Lalonde, who is having great success with the Senators, is a hard driver and always has his club in good shape. He is urging them at a great pace now, but whether or not they will be able to stand the pace to the end remains to be seen. Lalonde himself was one of Canada's star performers in both hockey and lacrosse, and usually found himself a member of a championship club.

Lalonde was brought up in a small school where games were games and men were men, and he gave no quarter and asked for none. The earliest recollection of Newsy was at Cornwall, when he was a lacrosse goalie, but whenever Cornwall needed a goal Lalonde was usually rushed from goal to home with good results. He was this man the late Con Jones of Vancouver in 1912 paid \$5,000 to play lacrosse for one season, and that was a lot of money in those days. Lalonde had an eventful career as a hockey player, and as late as 1920 led the National League in goals scored.

The failure of the Toronto Maple Leafs to come through so far in the N.H.L. as expected is due to the failure of their regular front line to show the "punch" it developed last year. According to reports, Nighbor is trying hard, and looks equally as good as he did last season, except that he is not getting results. Andy Blair and Danny Cox have not hit their stride as yet. Blair was a sensation last year, but big things were expected of him this season. He seems to lack condition, as he has been easy and has not the speed he had last year. He has also failed to show the trick stickhandling that featured his first year in pro company.

Tentative approval by the U.S.A.A. of the use of starting blocks for track races is expected to increase greatly their distribution, believes George T. Brennan, University of Iowa track coach and inventor of the blocks. Coach Brennan now has U.S. and Canadian patents on his invention, expects to place the starting blocks in the market in large quantities next spring. His blocks and those invented by John Nicholson, track coach at Notre Dame, are most popular in track circles.

The starting blocks are not new to Hawkeye athletes, as Coach Brennan has employed them for the last three years. They were introduced on European tracks during the 1925 Olympics by Frank J. Cuhel and George H. Baird, star hurdler and quarter-mile runner on Iowa track teams of recent years.

Inventor of the pivot play in basketball, Henry "Dutch" Dehnert has developed the most effective scoring formulas professional basketball has witnessed. As a member of the New York Celtics for nine years and the Cleveland Rosenboms for two seasons, Dehnert supplied the height, skilled hands and ball handling and passing ability so necessary to the success of the play. And he did it in such skillful manner that the Celtics were known as the greatest professional cage team of the time, while Cleveland was able to win the world's professional championship in the 1925-26 season.

With his team on the offensive, the big Dutchman—his six feet one and weighs 200—takes a position at the foul line in front of his own goal, back to the hoop. There he receives passes from his mates and passes to the player coming in on occasion. He varies the play by pivoting either to the right or left and dribbling around his guard for a close-in shot at the net. The remarkable feature of Dehnert's work in the pivot position is his uncanny ability to catch the ball without fumbling as it is thrown with lightning speed at close range, keep the ball from his guard and feed it within an instant to the player "breaking" for a close-in shot.

Reg. Manners Will Play With Pirates

Pittsburgh, Pa., Dec. 2.—Reg. Manners, who starred last year with the Philadelphia Pirates of the National Hockey League, has been signed to play for the Pittsburgh Pirates of the National Hockey League. He played for the Pirates Saturday night against the Boston Bruins.

Race For Lead In First Division Is Tightened Up

Manchester City Resting in Top Berth One Point Ahead of Sheffield Wednesday; Aston Villa Follow Closely Behind; Matches Played in Drenching Showers, While Dozens Are Cancelled; Six of Ten Fixtures in Scottish First Division Are Drawn; Rangers Lose Ground by Draw.

London, Dec. 2.—The race in the First Division of the English Soccer League tightened up as a result of Saturday's games. Manchester City are out in front with a lead of one point from Sheffield Wednesday, while Aston Villa are two points in the rear in third place. The Wednesday fattened their average Saturday by a fine win over Liverpool, while Aston Villa grabbed a couple of points for beating Blackburn Rovers. Manchester City got a point for drawing with Huddersfield Town.

WILD SCENES WITNESSED IN RUGBY FINAL

Crowd Storms on to Field as St. Thomas Juniors Defeat Ottawa Rideaus

Ottawa, Dec. 2.—Playing under adverse weather conditions, St. Thomas Juniors won the eastern Canada junior rugby championship here on Saturday and earned the right to travel to Moose Jaw to play the Maroons of that city for the Dominion title, when they defeated Ottawa Rideaus 10-3. At least that was the score when the game broke up in wild disorder, with two minutes remaining to play, when the crowd surged onto the gridiron and staged one of the most disgraceful scenes that has probably ever been witnessed in the sport.

The mob scene was put on by two or three hundred spectators, engulfed the officials and St. Thomas players and supporters in wild melee that was not quieted until the visitors had made the shelter of their bus as best they could.

While the officials, Referee Hoddy Foster and Umpire Harold Ballie, were given a severe handling, there were no serious injuries reported after order had been restored.

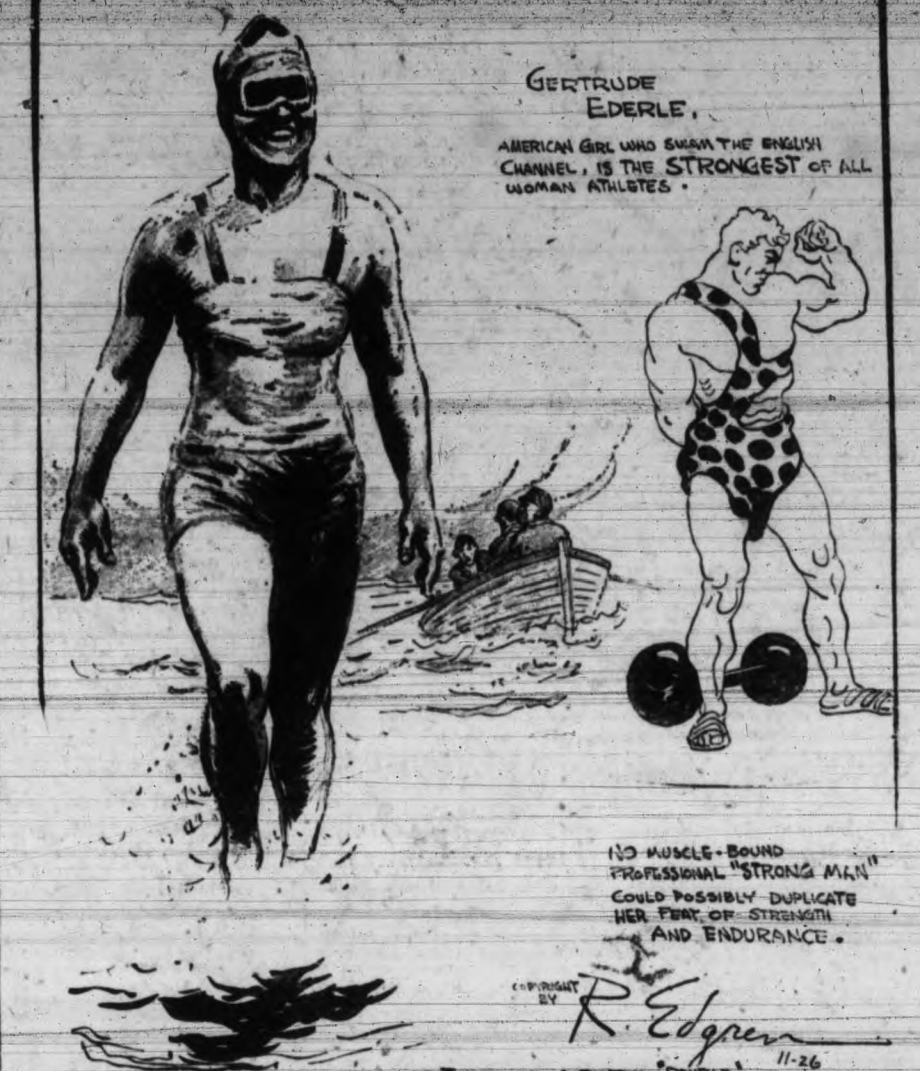

The climax of the agitation against the officials was reached just before the officials were ordered to leave the field. Referee Foster ordered Johnson, Rideau outside wing, to the penalty bench to join Quinn and Ogilvie, team mates of his already there, and Folland, Tiger flying wing, who had also been penalized. Johnson, argued with the official, brushed the latter's hand from his shoulder when Foster tried to remonstrate with him. Entries for the Dave Cup competition will close at this meeting.

Seven Riders Crash During One Jam in Six-day Race at New York

Two Teams Tied at End of Three Hours Riding; Final Entry List

New York, Dec. 2.—After three hours of hard riding in the opening bursts of New York's forty-seventh six-day bicycle race, two teams were tied for the lead, a lap ahead of the field. At midnight Blinda and Linari, and Letourneur and Brocardo, one combination from Italy, and the other from France, had covered twenty-four miles and seven laps. Georgetti and Debaets were second, one lap behind.

Spills were frequent at the start, and during one jam seven riders crashed. Carl Stockholm, Anthony Negri and Franz Reiberg had to be assisted from the track, causing a twenty-minute delay.

The teams were paired as follows: Reggie McManara, Newark, N.J., and Gesteau Belloni, Italy. Freddy Spencer, Plainfield, N.J., and Franz Deuberg, Germany. Franco Georgetti, Italy, and Gerard Debaets, Belgium. Emilio Ricchi, Switzerland, and William Reiger, Germany. Alfredo Binda and Pietro Linari, Italy. Victor Rausch, Germany, and Jimmy Walther, New York. Alfred Letourneur and Paul Brocardo, France. Carl Stockholm, Chicago, and Harry Horan, South Oran, N.J. Anthony Beckman, Secaucus, N.J., and Charlie Winter, New York. Gerard Vermerech and Oscar Raes, Belgium. William Grimm, Maplewood, N.J., and Dave Landa, Irvington, N.J. Alfonso Zucchetti, Italy, and Leroy Garrison, Kearney, N.J. Robert Silver and Charlie Ritter, Newark. Harry Horder and Horace Horder, Australia. Harvey Black, Newark, and William Hanley, San Francisco.

British Swimmers Will Not Compete At Hamilton Games

London, Dec. 2.—The Amateur Swimming Association of Great Britain, has decided not to send any representatives to the British Empire games at Hamilton next year.

Two Pairs Tied In Mixed Foursome At Colwood Club

In the mixed foursome competition staged at the Colwood Golf Club yesterday, Mrs. H. F. Crowe and A. D. Strath, and Mr. and Mrs. J. H. Lee, 82½, were tied for first place, both pairs having net scores of 82. Mr. and Mrs. J. H. Lee finished third, half a stroke behind the leaders.

The scores of the first thirteen pairs follow: Mrs. Charles E. Wilson and H. G. Wilson, 82. Mrs. H. F. Crowe and A. D. Strath, 82. Mr. and Mrs. J. H. Lee, 82½. Mrs. M. Hall and B. J. Darcus, 84. Mrs. Wilding and H. Lineham, 85. Mr. and Mrs. Forbes Wilson, 85½. Mrs. F. J. Hall and W. W. Hall, 86. Mrs. B. J. Richards and Dr. Haynes, 86½. Mrs. Bennett and F. Thomas, 86½. Mr. and Mrs. J. H. Richardson, 87½. Miss Noonan and F. J. Hall, 87½. Mrs. Philbrick and Charles E. Wilson, 89. Mr. and Mrs. Leeming, 89.

Boston Bruins And Rangers Both Sunk For Losses Sunday

Bruins Go Down Before Chicago 3-1, While Lester Patrick's Club Is Beaten by Detroit, 4-3; Ottawa Stumbles and Now Has Only One-point Lead Over Canadiens; Bruins Have Like Advantage Over Rangers; One of Closest Races in History Forecast.

Toronto, Dec. 2.—Disturbances to the peace of the leaders already are appearing in a still young National Hockey League season, giving more assurance than ever of one of the closest races in the circuit's history.

Ottawa, off to a long lead in their first six games, stumbled a bit last week and saw their margin cut to a single point while the Boston Bruins, leaders of the American group, lost their place temporarily and regained only the slimmest hold on the top.

After five straight victories, Ottawa's Senators met their first defeat Thursday at the hands of the New York Americans, who previously had not won a game.

The Senators went on to another defeat Saturday, falling before the Montreal Maroons, 3-2. Neil Stewart, big Maroon forward, scored all of Montreal's goals after Ottawa had gained a first-period lead.

CANADIENS LOOK GOOD
The first game of the week brought the Senators a triumph over Detroit, 4-3, while the Montreal Canadiens turned in a pair of flashy victories to lift their total to ten points, just one behind Ottawa. On Tuesday they won from the Boston Bruins, 3-2, and on Wednesday, 3-2, they defeated the Rangers, 3-2, with Howie Morin hitting his best offensive form, and George Hainsworth guarding the goal valiantly, they downed the Americans, 3-1.

Boston lost two out of three games last week, ending with a total of ten points, while New York Rangers had nine and Chicago eight. They lost their first game of the year to Montreal Maroons Thursday, while Eddie Shore was absent, then came back to get the lead, which had gone to the Rangers Thursday, by trouncing Pittsburgh, 6-2, on Saturday. Playing two games on successive nights, they lost the Sunday contest to Chicago, 3-1, when the youthful Black Hawk forwards shot into a two-goal lead in the opening period.

A LUCKY GOAL
The Rangers fared no better through the week, but their one victory Thursday was over Chicago, and checked the Black Hawk threat. Toronto downed the Rangers Tuesday, while Detroit, which had broken its early losing streak by a tie with New York, came through to a 4-3 victory last night when Bert Brophy slammed a sure shot against the goal post in the third period and it bounced into the net. Detroit also tried playing both Saturday and Sunday without success. The Cougars lost to Toronto Saturday night by the lowest score of the year, 1-0. They got an even break for the week, however, losing the Tuesday game to Ottawa and stopping the chances of the Montreal Maroons Thursday by a 7-6 count.

The Maroons, with two victories and one defeat, finished third in the International group with eight points. Toronto took a good fourth with a pair of victories, caught up to the team for a five-point total. Pittsburgh had the week's worst record, losing both its games by a big score.

Detroit, Dec. 2.—A second string man scored his first National Hockey League goal this season here last night and brought about defeat of the New York Rangers by the lowly Detroit Cougars, 4 to 3, in a fast game that turned into a frantic scramble during the last half of the final period with the score tied, three-all, swept into New York territory, caught up to a loose puck and sent it skimming crosswise on the ice. The puck took a freak bounce and hit the post of the net, bounded into the cage before John Ross Roach, Ranger goalie, was able to shoot had been made. Trailing by one goal, the Rangers then sent every man except the goalie into Cougar ice in a frantic attempt to score by the Detroit team held the New Yorkers scoreless in the final period.

The teams follow:
New York—Roche, Johnson, Bourgeois, Boucher, W. Cook, F. Cook, Detroit—Beveridge, Noble, Hicks, Goodfellow, Auer, Lewis.
New York Substitutes—Keeling, Thompson, Goldworthy, Vail, Porter. Detroit Substitutes—Connors, Cooper, Hay, Brophy, Bellefeuille, Herbert, Hughes.
Officials—George Mallinson and P. Berlinguette.

First period—1, Detroit, Goodfellow, Noble, 2:33; 2, Detroit, Noble, 11:24; 3, New York, F. Cook, Boucher, 12:14.
Second period—4, New York, Murdoch, Thompson, 9:55; 5, New York, W. Cook, 14:14; 6, Detroit, Lewis, 16:30.
Third period—7, Detroit, Brophy, 10:13.

Chicago, Dec. 2.—Grabbing the jump with two goals early in the first period, the Chicago Black Hawks defeated the world hockey champions, Boston Bruins, 3-1, in a National League game last night. About 6,500 spectators saw the Bruins go down, battling furiously to their second defeat of the season.

The teams follow:
Boston—Thompson, Hitchman, Shore, Carson, Galbraith and Oliver. Chicago—Gardiner, Wentworth, Dutkowski, Somers, Gottselig and Couture.
Boston Substitutes—Owen, Clapper, Wain, Gator, McKay and Chicago Substitutes—Ripley, March, Arbour, Miller, Cook, Burns, R. Taylor, J. Taylor and Ingram.
Officials—George Mallinson and P. Berlinguette.

First Period—1, Chicago, Arbour, 4:00; 2, Chicago, Miller, Cook, 2:36.
Second Period—No score.
Third Period—3, Chicago, Taylor to Ingram, 6:30; 4, Boston, Barry to McKay, 3:30.

Summary
First period—1, Toronto, Primeau, 11:17.
Second period—No score.
Third period—No score.
Ottawa, Dec. 2.—Neil Stewart rattled three goals into the net of the Ottawa Senators here Saturday night, and Montreal Maroons handed the Capital City's National Hockey League crew their second straight defeat, 3-2.
In the first period, when Frankie Finnigan and Captain King Clancy sent home a pair of counters, the Montreal cause looked blue, and their regular net man, Clint Benedict, very bad, but Benedict was ailing from a stomach ache, it became known when the period had ended.
"Flat" Welsh, who replaced him, turned in a spectacular performance.
The line-ups:
Maroons—Benedict, Dutton, Boucher, Stewart, Smith, Robert, Munro, Ward, Trotter, Robinson, Wilcox, Phillips, Northcott and Walsh.
Ottawa—Connell, Clancy, A. Smith, Lamb, Finnigan, H. Kera, Shields, Starr, Nighbor, Touhy, Grosvenor, W. Kilrea and Connor.
Referee—Odie Cleghorn and Bert Corbeau.
Summary
First period—1, Ottawa, Finnigan, 14:10; 2, Ottawa, Clancy, 1:05.
Second period—3, Montreal, Stewart, 4:15; 4, Montreal, Stewart from Boucher, 5:40.
Third period—5, Montreal, Stewart from Siebert, 10:45.
Boston Bruins registered a 6-2 victory over Frank Frederickson's Pittsburgh Pirates in a spirited N.H.L. contest before 2,500 fans at Duquesne Garden here Saturday night.
The joust was marred in the final two minutes of play by a clash involving Lowery of the Corsairs and McKay of Boston, the pair drawing major penalties.
The line-ups:
Pittsburgh—Miller, Smith, McKinnon, Frederickson, Mills, White, McCaffrey, Briden, Lowery, Jarvis, Barton and Manners.
Boston—Thompson, Lutchman, Shore, Carson, Galbraith, Oliver, Owen, Clapper, Welland, Gainer, McKay, Barry and Taylor.
Summary
First period—1, Pittsburgh, Lowery from Frederickson, 9:33; 2, Boston, Shore from Galbraith and Carson, 22:29; 3, Boston, Welland, 3:03.
Second period—4, Boston, Oliver from Carson, 7:11; 5, Pittsburgh, McKinnon, 9:33; 6, Boston, Welland from Gainer, 14:25.
Third period—7, Boston, Clapper from Welland, 7:55; 8, Boston, Oliver from Balbrath, 6:55.
Officials—George Mallinson and Nels Berlinguette.

Lessard Loaned To Philadelphia

Kansas City, Mo., Dec. 3.—The Kansas City club of the American Hockey Association has loaned Roy Lessard, wing man, to the Philadelphia Tigers of the Canadian-American League.

Empress of Canada Makes Fast Voyage

Arrived From Orient Yesterday After Speedy Passage, But Did Not Break Own Trans-Pacific Record Made in 1923; Brought in Fair Passenger List and Heavy General Cargo.

After a fast voyage from Yokohama, although not breaking the record he made in 1923, the speed queen of the north Pacific Ocean, the Canadian Pacific liner Empress of Canada docked at the Hithet piers yesterday afternoon at 2 o'clock, eight days and sixteen hours from Yokohama. Her record is eight days and ten hours. The Canada left Yokohama at 2 o'clock on the afternoon of November 23.

Capt. Samuel Robinson, master of the blue ribbon ship, said that with the fine weather encountered across the Pacific, the ship could have made port Saturday night, but on account of the new engines it was not deemed advisable to open them up. On the contrary the ship people slowed down Saturday as she approached this coast on account of dense fog. "We only made port so early in the afternoon so that a number of the passengers could catch the afternoon steamer to Seattle," Capt. Robinson said.

It is only fifty days ago that the Empress of Canada grounded on the rocks off Albert Head when groping her way into William Head from England. Since that time she spent nearly three weeks in the Esquimalt drydock, twelve days at sea en route to Hongkong, and made calls at that port, Kobe and Yokohama. She was two days at Yokohama loading cargo. To those who had dealings with the Empress during the period she was in drydock it seemed only a few days since she was floated in.

On account of the returning delegates from the Pacific Relations Conference and the World Engineer Congress held in Japan recently the Empress brought in a larger list than usual for this time of the year. There were 283 passengers in all classes, 120 in the first cabin, fifty-seven in the second, four in the third and 120 in the steerage. Several of the first cabin travelers left the ship here and made connections with the Princess Adelaide for Seattle, most of them leaving the Sound City for California and the east by train last night. Several of the passengers for Vancouver were en route to England, and left Vancouver this morning for the Atlantic Coast, from where they will sail for Europe.

The Canada brought in a heavy general cargo in her holds yesterday. There were 5,200 tons of general cargo, including 350 bales of raw silk and a shipment of 240,000 boxes of Japanese oranges destined to the prairie provinces and eastern Canada for the Christmas and New Year trade. From Victoria there were only ninety tons of general cargo aboard the ship. The Empress made an inspiring picture yesterday as she slowly approached the outer dock from the William Head quarantine station. With brilliant sunshine on her gleaming white hull she attracted the attention of motorists and pedestrians along the Dallas Road, and was later visited by large numbers of people who took opportunity of inspecting the magnificent passenger accommodation of the beautiful ship.

OUT NEXT WEEK
The Empress of Canada will sail from Vancouver and Victoria next Saturday, inaugurating the Canadian Pacific sailings to Honolulu. The call at the Hawaiian Island port will lengthen the voyage to Japan by five days. The ship will reach Yokohama from Victoria in two weeks, including the call at Honolulu. On the return trip the Empress will cross direct from Yokohama to Victoria.

UNITED STATES AIR MAIL SCHEDULE

| Table Showing Transit Time From Victoria | Eastbound and Southbound, including Sunday, closing at 4 p.m. |

DUCHESS SHIP ARRIVES WITH V.C. HEROES

Arrived Saturday With Fifteen of Prince of Wales Dinner Guests in London

Also Opened Winter Navigation Season at St. John

St. John, Dec. 2.—The city of St. John was highly honored yesterday morning in being able to welcome home probably the most noble group of men ever gathered together on one steamer, when fifteen heroes of the late war, winners of the Victoria Cross, highest award in the British Empire for valor on the field of action, arrived here on board the Canadian Pacific steamer Duchess of Athol.

A large delegation of representative citizens was at the dock and immediately boarded the vessel to extend a hearty welcome to the heroes on their return from attending the Prince of Wales's banquet in London on November 9.

The Duchess of Athol, in command of Captain D. Sinclair McQueen, from Liverpool, Belfast and Greenock, arrived off Partridge Island on Saturday afternoon. She docked about 10 o'clock on Saturday night and landed her passengers on Sunday morning.

In addition to the official welcoming party, many citizens, including many ex-servicemen, gathered at the dock to witness the landing of the party.

The arrival of the Duchess of Athol, which docked late Saturday night at West St. John, definitely marked the opening of the winter port season. Early Sunday morning large crowds gathered at the dock to see the fifteen Canadian Victoria Cross heroes disembark, apart from the official welcoming committee.

Over 400 passengers came to Canada on board the Duchess of Athol on her first trip to the port since the season, including seventy-three cabin, seventy-third class and about 250 third-class passengers.

Freighter Norwich City Wrecked Off Gardner Island

Steamers Rushing to Aid But Reports Regarding Fate of Ship Conflicting

San Francisco, Dec. 2.—A veil of uncertainty was cast over the fate of the British freighter Norwich City to-day, wrecked off Gardner Island, 1,800 miles southwest of the Hawaiian Islands. Only meagre reports reached the mainland and these were conflicting. Rescuing ships were dispatched by the U.S. Navy and the U.S. Coast Guard to the scene.

While the reports said Captain A. Helmer of the Norwich City and his crew of thirty-four men had been able to leave the ship, reports yesterday indicated they were still aboard. A dispatch to the Associated Press from Apia quoted a radio message from the Norwich City picked up before dawn and had managed to make shore.

"If the ship holds out until daylight we may make shore, but a heavy sea is running," the message said. The message is shown by charts to be surrounded by dangerous reefs. Those familiar with the region declare it to be uninhabited.

Word of these developments were contained in wireless messages received by the Radio Marine Corporation here and by the Mackay Radio and Telegraph Company. While the reports said Captain A. Helmer of the Norwich City and his crew of thirty-four men had been able to leave the ship, reports yesterday indicated they were still aboard. A dispatch to the Associated Press from Apia quoted a radio message from the Norwich City picked up before dawn and had managed to make shore.

Around the Docks

Because she has no cargo for this port, the new Holland-America freight and passenger vessel Delphy, on her maiden voyage to the Pacific coast from Europe, will pass by Victoria early this evening. She is due at Race Rocks at 7 o'clock, having made the trip from San Francisco in fifty hours. Vancouver will welcome the new vessel early to-morrow morning. She is one of the finest ships now in service, between the Pacific coast and England by way of the Panama Canal.

The freighter Abaroka is at the Ogden Point piers loading 1,000,000 feet of Vancouver Island timber for United States ports along the Atlantic seaboard. King Brothers, who are handling the ship, expect to clear her on Wednesday.

The Princess Norah will take her next trip to Alaska on December 11, sailing from Vancouver on that date. In the meantime she will be used as an extra steamer on the local runs.

The Kingsley freighter Rochelle of the Pacific Coast Line arrived at the Ogden Point piers yesterday morning at 5 o'clock and after discharging a light cargo proceeded to Vancouver and James Island.

The steamer Salvage King of Victoria, towing the disabled freighter Depero to Tacoma, was forced to anchor in Seafair Channel last night on account of dense fog. The tug office of the Pacific Salvage Company was advised this morning.

The freighter San Diego took on 200,000 feet of lumber at the C.P.S. mill wharf in the upper Inner Harbor yesterday and sailed during the late afternoon for California ports.

The Princess Adelaide yesterday took the afternoon trip to Seattle, replacing the Princess Adelaide, which tied up for an indefinite time at the port for the Princess Kathleen are now maintaining the night service between Victoria and Vancouver.

The American Mail liner President Jackson, which docked here this morning from the Orient, will sail again for the East on Saturday, December 14. Before that time she will load freight at Seattle and Tacoma.

**WORLD CRUISE
LINER SAILS
FROM NEW YORK**
Empress of Australia Takes 400 Millionaires on Voyage Around the Globe

Mr. and Mrs. R. P. Butchart and Mr. and Mrs. H. A. Ross of Victoria Are Passengers

New York, Dec. 2.—Four hundred millionaires from Canada, the United States and England to-day alighted at the gangplank of the Canadian Pacific liner Empress of Australia for a world cruise that will take four months.

The Australia left her pier at 5 o'clock and heading past the famous Statue of Liberty put her nose out into the Atlantic and headed for Madeira, the first port of call on the lengthy itinerary.

During the lay-over of the ship in New York last Thursday many hundreds of visitors were received aboard the ship and inspected the magnificent accommodations where the 400 passengers will spend many happy hours during the cruise from port to port around the world.

After Madeira calls will be made at Gibraltar and other Mediterranean ports. Christmas will be spent in the Holy Land with a special trip to Bethlehem on December 25. Then the Australia will proceed to north Africa and through the Suez Canal to India.

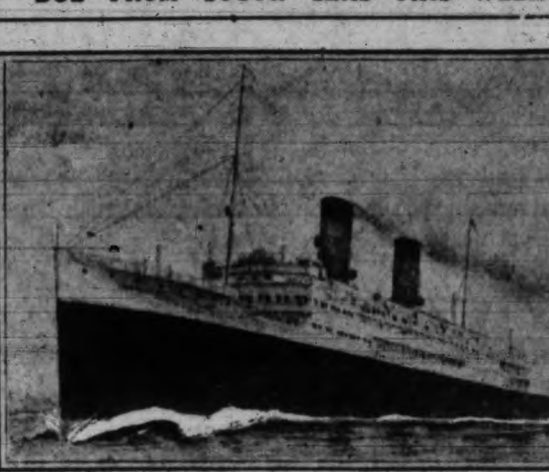

Several side trips have been arranged through this great country, and passengers have the option of traveling inland from Bombay to Calcutta or staying with the ship. Calls at the Straits Settlements, the Philippine Islands and Orient ports come next.

The Australia will sail from Yokohama early in April for San Francisco by way of Honolulu. From the Golden Gate port she will return to New York by way of the Panama Canal and Havana. Among the passengers who boarded the Empress of Australia in New York to-day were R. P. Butchart and Mrs. Butchart and Harry A. Ross and Mrs. Ross of Victoria, who will go as far as anywhere where they plan to spend the winter months.

DUE FROM SOUTH SEAS THIS WEEK

which is expected here late Thursday night or early Friday morning from Sydney, Auckland, Suva and Honolulu. The Aorangi has a good passenger list and a heavy cargo of butter and Christmas mail.

SAN FRANCISCO SHIPPING

San Francisco, Dec. 2.—The Daisy Putnam, steamer that went ashore in a fog on the California coast 170 miles north of here November 22, was insured for \$70,000. It was announced yesterday. Officials of the Marine Underwriters said there had been no decision as to the salvage operations.

Statistics compiled by the marine department of the San Francisco Chamber of Commerce showed tonnage arriving here for the first five months of this year exceeded that arriving during the entire year preceding. Vessels arriving during that period numbered 15,549 and the cargo tonnage aggregated 36,073,724.

Announcement was made here that Captain Edward McCauley of the firm of Hubbs & McCauley of Seattle, would open a San Francisco office of the firm. Captain McCauley has returned from a six months' European trip.

SEATTLE SHIPPING

Seattle, Dec. 2.—The Sularia of the Donaldson Line is due here December 7 on her maiden voyage, the Balfour, yet no decision as to the salvage operations.

The Sularia is a sister ship of the Gregalia and measures 400 feet over all with a deadweight tonnage of 9,200 tons. She has refrigerator space for 36,000 boxes of apples and also has accommodations for passengers.

The Wing Line motorship John Bakke is due here December 11 on her second voyage since leaving the builders. She will load out a large cargo for the west coast of South America, including apples and general cargo.

President Jackson Has Large Orange Shipment

Two Special Steamers Needed to Transport Cargo From Victoria to Vancouver This Morning; Discharged 799 Tons Here; Had Sixty-nine Passengers in First Cabin for Seattle.

With one of the largest Japanese orange cargoes ever to be brought across the Pacific to Victoria, the American Mail liner President Jackson arrived at the William Head quarantine station at midnight last night and docked at the Hithet piers this morning at 4 o'clock. She left for Seattle at 10 o'clock.

The Jackson had 894 tons of cargo for this port, 799 tons of which were Japanese oranges. Immediately the boxes were swung over the side of the Jackson they were checked by dock officials and trucked to the steamer Charmer, which was tied up alongside the Jackson. The Charmer had her freight deck full to capacity and the number of her staterooms. She left for Vancouver about 9 o'clock and an hour later the Princess Norah came along to take on the remainder of the oranges for Vancouver. Special cars were awaiting the arrival of the orange "specials" in Vancouver to take the Japanese fruit to the prairies and eastern Canada.

FAIR CARGO
For Seattle the ship had 2,997 tons of general cargo, including about 400 tons of oranges and 382 tons of raw silk. There were 173 passengers in all classes aboard the ship, sixty-nine in the first cabin and 104 in the steerage. Twenty-seven steamer passengers left the ship here, the remainder and all the cabin passengers proceeding to Seattle.

Capt. John Griffith, master of the ship, reported a fine and uneventful voyage from Yokohama, which port the ship left eleven days ago.

The weather had been exceptional for this time of the year, he said, and only for a few days was there anything like a storm. Among the passengers who left here were J. H. Barrow, an electrical engineer returning to Marion, Ohio, after a trip to the Far East; Harry E. Bennett, an oil driller, with the Standard Oil Company, en route to California; P. J. Culverwell, returning from Singapore with his wife and two children; S. B. Ellis, importer and exporter and manager of the Shanghai firm of Dodge and Seymour, on a holiday trip to the United States; Frank R. Frasier, vice-president of the Seaboard National Bank of New York, returning home from the Orient; L. H. Leuback, Far Eastern director of the Fox Motion Picture News Company of New York, on a vacation to his home.

BODY FOUND
A sixth man was believed to have been carried into the lake with the boat, and it was his body, found yesterday, that revealed the Klondike plight. His companions were believed to have lost their lives, although searchers continued a search for them.

While the Klondike settled in the shallow water a half-mile from the Aux Sable Lighthouse, eighteen men huddled in the portions which were not submerged and waited for help. When searchers reached them, many were suffering from the exposure to the gale and sub-zero temperature.

COMMUNICATION BROKEN
Full details of the wreck were not available. "Grand Maroon" was cut off from land communication by huge snowdrifts and the only word of the Klondike came by radio to Upper Michigan points.

The steamer was down-bound from Duluth to Chicago with a cargo of 100,000 bushels of flaxseed and carried twenty-five men. It had been "waiting out" the storm Friday farther up the lake, but finally went out.

Along the headwaters of the Orinoco River in Venezuela, a race of Indians live whose religious beliefs make them fear to fish or eat the flesh of an animal. They believe human souls are present in the animals and fish.

To find the depth of water on the sill of the Esquimalt drydock at any tide, add 18.9 feet to the height of high water as above given.

FIVE LOSE LIVES IN LAKE SUPERIOR WRECK

(Continued From Page 1)

Through the night the vessel listed and Sunday morning, while the storm continued, Captain Alex Young of Duluth decided to chance launching a lifeboat to get ashore. This report said the little craft capsized, throwing him, the steward, watchman, watchman and porter into the water.

BODY FOUND
A sixth man was believed to have been carried into the lake with the boat, and it was his body, found yesterday, that revealed the Klondike plight. His companions were believed to have lost their lives, although searchers continued a search for them.

While the Klondike settled in the shallow water a half-mile from the Aux Sable Lighthouse, eighteen men huddled in the portions which were not submerged and waited for help. When searchers reached them, many were suffering from the exposure to the gale and sub-zero temperature.

COMMUNICATION BROKEN
Full details of the wreck were not available. "Grand Maroon" was cut off from land communication by huge snowdrifts and the only word of the Klondike came by radio to Upper Michigan points.

The steamer was down-bound from Duluth to Chicago with a cargo of 100,000 bushels of flaxseed and carried twenty-five men. It had been "waiting out" the storm Friday farther up the lake, but finally went out.

Along the headwaters of the Orinoco River in Venezuela, a race of Indians live whose religious beliefs make them fear to fish or eat the flesh of an animal. They believe human souls are present in the animals and fish.

To find the depth of water on the sill of the Esquimalt drydock at any tide, add 18.9 feet to the height of high water as above given.

Wm. A. Loney Dr. Wm. Russell
G. Herb Stevens

Dear Sir or Madam:

A year ago we made our first appeal to you to purchase seals for your Christmas parcels and mail, the object being to provide funds to carry on the fight against Tuberculosis. The result of our efforts was very gratifying. We again appeal to you this year, confident of your interest and generous support.

The money received will be distributed as follows:

75% for Tuberculosis work in our City.

15% to the Tranquille Tuberculosis Society.

10% to the Canadian Tuberculosis Society.

The Kiwanis Club will receive no financial benefit, the work being done by Club Members. We trust that the Christmas spirit which prevails at this time will prompt you to give our request your sympathy and that you will respond promptly and as generously as your circumstances will permit.

The seals enclosed are 1c each or \$1.00 per sheet of 100. Should you feel when sending your remittance that you can spare more than the amount stated we shall be very grateful. Please forward your contribution in the enclosed stamped addressed envelope.

Further seals can be purchased from the office of the Secretary of the Victoria Kiwanis Club, Mr. Walter Walker, 1423 Douglas Street, Telephone No. 252.

Yours sincerely,

VICTORIA KIWANIS CLUB,

F. B. Stephenson, President.

couple on their honeymoon, were killed early yesterday in the collision of a Santa Fe Railroad passenger train with their small automobile at a crossing near here.

Investigators said the young people, who were returning home from a Saturday night dance party, apparently had attempted to beat the train to the crossing. The car was struck in the rear and hurled against a concrete wing wall, and all but one occupant killed instantly. Sheriff's deputies said the auto lacked only a few inches of being across the track safely.

The young married couple killed were Mr. and Mrs. Joseph McCann of Centralia, Wash. Investigators learned that McCann and his bride had arrived in Los Angeles but a few days ago on their honeymoon trip. McCann and his bride were graduates of the University of Washington, the former having been a member of that university's football team.

H. A. WALTON RESIGNS FROM YARROWS LTD.

Received Presentation From
Employees Saturday

Employees of Yarrows Limited on Saturday paid tribute to the twenty-one years service on H. A. Walton, former electrician of the plant, when they assembled in the office to present a gold watch to him and a silver sandwich dish to Mrs. Walton. The occasion marked Mr. Walton's resignation from the firm.

Mr. Walton had been foreman electrician at the yard for twenty-one years, having accepted his position five years before the latter brother sold out to Yarrows.

Approximately one hundred employees gathered for the presentation and heard W. E. Barclay, chief time-keeper, express their sentiments in a presentation speech.

After speaking of Mr. Walton's work he presented him with a watch and said:

"In asking your acceptance of the accompanying gift, we, the undersigned, wish to express our deep regret at your leaving us, and to bring to mind the many years we have known you."

"We also wish to record the pleasant and cordial relations which have always existed between yourself and all those with whom you have been brought into daily contact."

"Trusting that, under God's blessing, both you and Mrs. Walton may be spared to many years of health and happiness, we are, cordially yours,"

(Solution of Saturday's Puzzle)

C.P.S. TAKE GAME FROM PEDENS

Lumbermen Score Surprise Win in City Basketball; Y.M.C.A. Victors

Peden basketball team was handed a surprise packet at the High School gymnasium Saturday night in the form of an 18 to 14 defeat at the hands of the C.P.S. The lumbermen took the lead at the start of the game and were never headed, and on the play clearly deserved the win.

In the other two games the Y.M.C.A. defeated the Sons of Canada 31 to 16, to remain at the top of the Senior "B" standing, while the High School "A" beat the "B" team 35 to 13 in an intermediate league struggle.

In the opening half of the feature game the lumbermen scored nine points before their opponents entered the scoring column, and were outplaying the sporting goods firm in every department. Calling a "come-out" the Pedens team held a conference and seemed to come to life, for before the whistle blew for the rest interval they scored five much-needed points.

The second half was featured by close checking with the C.P.S. protecting their lead and the opposition attempting to keep them from increasing it. Pedens started out as though they meant business and cut the lead

to one point, but this was as close as they could get, for the lumbermen held them to nine points, while they collected nine themselves in the twenty minutes of play.

Red Martin, a recruit from the Senior "C" League, led the point getters with six points, while Joe Ross was high man for the losers with five. Although they did not enter in the scoring a great deal, Fagerberg and Darrel Bissell were a tower of strength on the guard line and deserve a great deal of credit in the C.P.S. victory.

The teams follow:

C.P.S.—Davis 2, Butler 2, Viegara, Skilling 5, Martin 6, Fagerberg 3, Bissell and Warnock.

Peden—Moore 2, White 2, Chapman, Ross 5, A. Chapman 2, Little and Hocking 2.

In the second game the "Y" were never in danger and were undoubtedly the better team. The first half was close and ended 14 to 22 in favor of the Y.M.C.A., while the second half resulted in a scoring exhibition by Craig and Patterson.

The teams follow:

Y.M.C.A.—Craig 9, Patterson 17, Engleson 3, Gowlands, Bagley and Rutland.

S.O.C.—Blair 4, Nicol 5, Greenwood, Gaudy 4, Taylor 1, Jack Taylor 2, and Stan Wright.

In the opening game Coach Campbell's two teams put on a nice game, with some good team play being in evidence. The result was never in doubt, but his second team put up a good fight right from the beginning.

The teams were:

High School "A"—Macmurchie 7, Patrick 15, Sheppard 10, Petok and Chapman 4.

High School "B"—McDonald 3, Patrick 4, Halkett 6; Elford, and Keachie.

Esquimalt and Victoria City Soccer Teams Play to 1-1 Score in Overtime

"Scotty" Stewart and Clancy Score; Thistles Whiteash Jokers 4-0

In the first round Province Cup match at the Royal Athletic Park on Saturday afternoon Victoria and Esquimalt First Division soccer teams played to a 1-1 draw in overtime. At the end of regulation time the teams were deadlocked by a similar score and after playing six minutes extra time Referee McMillan called the game owing to darkness. The match will be replayed at an early date.

The game was played on a field covered with mud and the ball soon became heavy and hard to control, making good football difficult. However, the eleven put up a fair exhibition with the brand of soccer being of real cup-calibre. Both clubs had a fair percentage of the play.

After half an hour's play in the first half, Esquimalt went into the lead, "Scotty" Stewart hanging the ball into an open net after receiving a pass from John Watt, Abbott, the City goalie, had come out of his net in an attempt to prevent a score. Half-time found the Dockers still enjoying their one-goal advantage.

For the first twenty minutes of the second half the City had a clear edge and it was during this time that they equalized. Clancy heading the ball past De Costa after a centre by Gauld at outside right.

The teams fought tooth and nail in an effort to boost home the winning counter, but full-time found them still tied and the six minutes of overtime failed to bring a decision.

McMillan referred:

The teams were as follows:

Victoria: Cus, Abbott, W. Campbell, Margison, Stofor, Preston, Bowman, Gauld, Anderson, Clancy, Gibbons and Graham.

Esquimalt: DeCosta, Sweeney, Joe Watt, Hosmer, Stewart, Boyd Foster, "Scotty" Stewart, John Watt, Tom Smith and Roberts.

Saanich Thistles made their position at the top of the First Division all the more secure on Saturday afternoon when they handed the Jokers, occupants of second position, a 4-0 drubbing at Beacon Hill. The Thistles now have an eight point lead over the Jokers, in the league standing, and are practically a cinch to win the city championship.

In the first half the Jokers managed to hold their strong opponents to a one goal lead, Ewing netting the ball halfway in the second half.

Thistles ran wild and drove home three more counters, while they held their opponents scoreless. Ewing, Price and Minnie scored for the Thistles. The Jokers appeared off color, failing to show the same form as in recent matches. Just before the end of the game McEwen of the Jokers injured his ankle and had to be carried from the field.

Wooley referred.

The teams were as follows:

Saanich Thistles—Hogan, Joe Crowe, Harrow, Miller, Viggers, Jim Crowe, Phillips, Pice, Minnie, Cameron and Ewing.

Jokers—Chalmers, Carmichael, Little, Clark, Banks, McFarley, McKenzie, Stevens, McEwen, D'Arcy and McBay.

PROGRAMME OF U.S. CONGRESS IS HEAVY ONE

House and Senate Organize For New Session; Message To-morrow

Washington, Dec. 2 (Associated Press).—With a faction-split Senate and a Republican-controlled House, the Seventy-first Congress of the United States assembled to-day for a session beset by difficulties over tariff revision and other controversial legislation that may keep it working until next June, when the biennial congressional elections will get under way.

While awaiting President Hoover's first annual message on the state of the Union, which is to be received to-morrow, the interim was filled with the formalities of organizing both branches.

TAX REDUCTION

Tariff revision held the legislative right-of-way in the Senate, being the unfinished business of the special session. The House programme, however, called for immediate consideration of the proposed \$100,000,000 tax reduction programme, which will lap off a flat one per cent from corporation and normal individual incomes of 1929.

Benjamin Franklin was the first Postmaster-General in the United States. He was appointed for the Colonies in 1775. He received \$1,000 a year in this capacity.

OUT OUR WAY

YES—I'LL ADMIT I WAS LAYIN' THERE EATIN' APPLES, BUT ALL I ET WAS TWO, ZACKLY TWO APPLES—AN' HOW MANY CORES IS THEY IN TWO APPLES, I ASK YOU?

WELL—I KNOW THAT I ONLY ATE TWO APPLES, TOO AND I DON'T THINK IT'S FAIR TO EXPECT ME TO TAKE ANY MORE THAN JUST WHAT I—

ALLRIGHT THEN! ALLRIGHT! TAKE TWO EACH OUT TO THE KITCHEN SINK AND I'LL TAKE THE OTHER ONE! I'LL TAKE IT!

WHY MOTHERS GET GRAY.

KUMTUKS HEAR OF GAY PAREE

Mrs. H. P. Hodges Is Speaker at Luncheon of Club-women; Club News

The Kumtuks Club at its luncheon at Spencer's, were given a brief talk on the impressions of Paris culled by Mrs. H. P. Hodges during her visit to Europe last summer.

Mrs. A. H. Spurr contributed two delightful vocal solos, with Miss Gray at the piano.

The members were reminded of the annual celebration of the Tillamook Girl Guides' birthday party to be held in the headquarters on Obed Avenue on Friday evening, when Miss Kate McLaren, president of the Kumtuks Club, will present the cup donated by the club.

Miss Lacey will be in charge of the sale of tickets for the Shrine band recital at the Shrine auditorium on Wednesday evening in aid of the fund for the blind, and any member willing to help this most worthy cause is asked to get in touch with her.

The next business and supper meeting of the club will be held on Monday evening next at 8 o'clock at the Y.W.C.A.

TO CONSIDER BUS BY-LAW

Brief Business Meeting Will Bring Council to Beginning of Election Rallies

Settlement of the bus lines by-law issue will be the chief business before the City Council at its regular weekly meeting this evening. The meeting is called for 9 o'clock as Mayor Anson and Alderman Marchant are to attend a dinner in honor of Dr. Keppel, president of the Carnegie Library Corporation of New York to be given by Library Commissioners at the Empress Hotel.

Apart from the bus lines by-law a brief agenda of business will be laid before the council on the eve of its last meeting before election rallies begin.

BAIL GRANTED TO APPELLANT

George Hannay Released on \$500 Bail in Protest Over Conviction

On application before Chief Justice Macdonald in Appeal Court chambers this morning, George Hannay, of Nanaimo, was admitted to bail in the sum of \$500, on two sureties of \$250 each, pending an appeal from a police court conviction to the Court of Appeal. T. P. Morton appeared for the appellant, and Walter Colvin for the Crown respondent.

Hannay was accused of being found in a locality where game exists with a shotgun and birdlight, and was charged with pitlamping. A conviction was returned before Stipendiary Magistrate A. G. Freese at Alberni, and from this defendant appealed to the County Court, where the conviction was sustained. Hannay will now take his case to the Appeal Court, and secured bail this morning, pending a hearing of the issues in the higher courts.

Washington, Dec. 2.—A metal which will combine all the strength of steel, the heat resistance of others, the toughness and lightness of some—in short, a perfect metal for all industrial uses, is the goal of Dr. Zay Jeffries, president of the Society for Steel Treating. "It is not just a dream," Dr. Jeffries says, "for research has brought forth metals the last year near to this ideal."

CANADIAN SCOTTISH TO MARCH TO-NIGHT

The first battalion of the Canadian Scottish Regiment will parade in full strength from the Armories on Bay Street this evening at 8.15 o'clock. The route to be taken will be down Douglas Street to Yates, to Government, to Fort, to Blanshard, to Yates, to Douglas and back to the Armories. The pipe and brass bands of the regiment will be in the parade.

GABALDON WILL TAKE TREATMENT AT CLEVELAND

Former Resident Commissioner For Philippines at Washington in Poor Health

On his way from Manila to Cleveland to enter the sanitarium of Dr. Cunningham for medical treatment for diabetes, Hon. I. Gabaldon, former resident commissioner for the Philippine Islands in Washington, D.C., reached here yesterday on board the Empress of Canada.

One of the most dynamic advocates of independence for the Philippines, Mr. Gabaldon predicts the time is not far distant when his country will be granted complete independence.

"I sincerely hope I will see the day when the U.S. Government will

ICY WASTES OF SIBERIA ARE SHOWN

Capitol Showing "Hearts in
Exile" on Screen This
Week

Dolores Costello Has Leading
Role in Tragic Story

Warner Bros. did well in selecting
"Hearts in Exile" now showing at the
Capitol Theatre for the fair Dolores
Costello. It is the first time she has
appeared in the role of a Russian
peasant girl and her performance
proves that she is one of the most
versatile of screen actresses. The pic-
ture is an exciting story of love and
heartbreak, laid in the midst of the
peasantry of Moscow and the great icy
wastes of the Siberian prison camps.
"Hearts in Exile" shows what great
strides the Vitaphone has made since
the advent of talking pictures. The
sound effects are perfect. You hear
the howling of the wind in the desolate,
icy country, the babble of the
fish peddlers along the waterfront of
Moscow, and the gay singing and
music of the Bohemian peasants.
Miss Costello gives a truly fine per-
formance as the little Russian girl who
is torn between marrying her peasant
lover or the grand nobleman, Baron
Palma. She marries the Baron and,
naturally, a triangle forms that reaches
a dramatic climax in the dreary set-
ting of Siberia.

GYPSY HOP IS DIFFICULT STEP ACTRESS FINDS

Dolores Del Rio "Learns New
Dances For Film "Revenge"

Dolores Del Rio uses the gypsy hop
in her picture "Revenge," produced by
Edwin Carewe for United Artists to-
day at the Columbia Theatre.
The Mexican star acquired the new
dance steps from Serge Curadsky, well
known ballet master and instructor.
When Miss Del Rio made "Resurrec-
tion," she and Rod La Rocque had to
master difficult Russian steps. When
she filmed "Ramona" she used her na-
tive dance numbers. "Every fling" in
which the actress has so far appeared,
required a different dance routine.
Watch the gypsy hop in "Revenge,"
and see if you can do it also.

DETECTIVE OF FICTION ON SCREEN

"Return of Sherlock Holmes"

Opens To-day at Dominion

Clive Brook Plays Role of
Conan Doyle's Hero

Sherlock Holmes is perhaps the fore-
most exponent of disguises that fiction
has ever known. As the uncanny
sleuth who could always guess at least
one step ahead of the other fellow, his
ability to wear a wig in such a fashion
that even the trusty Watson was
unable to identify him stood him in
good stead whenever danger threat-
ened.

Clive Brook, who plays the title role
in Paramount's all-talking screen play
"The Return of Sherlock Holmes," at
the Dominion Theatre for three days
starting to-day, made a study of wigs
and in the picture designed the two
disguises that he affects.

In one of the sequences, Holmes dis-
guises himself as a "boots" or steward
on board a transatlantic liner. With
his full make-up on, his identity is
completely hidden and in its place
there is a typical English. Whitehall
character. Plastered over his own hair
is a dark brown wig with slight traces
of grey, parted on the left side. On the
right side his hair is curled up, not
unlike ye old time bartender. His eye-
brows are bushy and also dark brown.
To complete his facial disguise, he
wears a light brown flowing mustache.
A steward's white jacket puts the
finishing touch to the character.

SHAKESPEARE PLAYERS ON ROYAL STAGE

English Company Starts
Week's Engagement Here
To-night

"Much Ado About Nothing"
Is Chosen as Opening Play

At the Royal Victoria Theatre to-
night the Stratford-upon-Avon Festi-
val Company, from the Shakespeare
Memorial Theatre at Stratford, will be-
gin an engagement of one week, dur-
ing which time seven Shakespearean
plays—comedies, tragedies and histories
—will be presented in their entirety
and in as nearly as possible the man-
ner in which they were performed in
Shakespeare's own time. The old cru-
dities of the stage are not revived, of
course, but the naturalness and gusto
of the ancient performances are faith-
fully reproduced. The plays are
mounted in extremely handsome fash-
ion, and, as those who saw the com-
pany here last season will testify, every
role is played by an actor of quality
and distinction.

The play selected for the opening
performance is "Much Ado About
Nothing," in which Wilfred Walter
will appear as Benedick; Fabia Drake
as Beatrice; George Hayes as Claudio;
Roy Byford as Dogberry and Mary
Holder as Hero. These players, with
the exception of Miss Drake, were with
the company last season and will be
well remembered by Victoria players.
Miss Drake joined the company at
Stratford last summer, after important
appearances on the London stage, and
is now making her first visit to
Canada.

night.

CHANGE IN POLICY AT COLISEUM

Pictures Will Be Replaced
With Stock Plays and
Vaudeville

Coliseum Players Present
"Romance in Virginia"
This Week

To-night will see the commencement
of a new form of programs at the
Coliseum Theatre. Until further an-
nouncement there will be no picture
there, the whole programme being
given on the stage. The Coliseum
Players, under the direction of Ray-
mond "Toby" Leitch will be kept on
the stage in stock and vaudeville, and
Charlie Hunt, well-known and popular
orchestra leader, has been engaged with
his stage band of ten pieces. Together
these clever artists are expected to put
on a show that will please all who see
it.

George F. McEwan, manager of the
theatre, in making the announcement
regarding this new policy said "Until
we can get first-run talking pictures
we have decided to use a stage pro-
gramme only. There has been a short-
age of first-class talking pictures, and
until we can secure them we will use
the stage only."

The Coliseum Players will this week
present a four-act drama entitled
"Romance in Virginia." It will be the
first opportunity that the players have
had, since coming to Victoria, of ap-
pearing in a full-length production,
and in this week's performance will
give the dialogue just as it was written
by the author, a well-known writer of
short stories and plays. In the past it
has been necessary to cut the plays
considerably, and in this way the
players have never been able to do
themselves full and just credit.

VAUDEVILLE TURNS

Between the acts of the play the
members of the company will ap-
pear in short, clever turns of vaude-
ville, which is a new departure for
them in Victoria. "Toby" Leitch will
be seen in comedy and mimic parts,
and his capabilities along these lines
are well known. Miss Ruth Albright,
the clever comedienne of the company,
will also appear in these vaudeville
acts, and her humorous singing can be
well depended upon. Miss Leone
Webber and Miss Esther Todd, the two
pretty and charming actresses of the
group, are also billed on the vaudeville
programme and have special acts that
will win for them further popularity.

Debutantes Of Washington In Playhouse Film

Gladys and Gwendoline Smith
Have Parts in "Prince of
Tempters"

The latest recruits from the ranks
of the nation's social celebrities to
enter seriously upon motion picture
careers are the two Washington, D.C.,
debutantes, Gladys Chapman Smith
and Gwendoline Foulke Smith, who
are appearing in "The Prince of
Tempters," now showing at the Play-
house Theatre, in which the featured
players are Ben Lyon, Eya de Putti,
Mary Brian and Lois Moran.

Both young ladies, before leaving
Washington were prominent in affairs
of the diplomatic circle, and were
given permission to act before the
camera by their mother, Madame
Levie, when she visited the United
States several months ago. These are
the third members of leading Wash-
ington society to enter the studio for
careers. The first was Betty Bryne,
daughter of Mrs. Stanton J. Peele.

SPRITLY COMEDY TO BE PRESENTED

Co-optimists to Appear in
"Nothing But the Truth"
To-morrow

Is it possible to tell the absolute

truth for twenty-four hours? Bob
Bennett, the hero in the popular play,
"Nothing But the Truth," accom-
panied the feat. The bet that Bob
made with his friends and fiancée
seemed ridiculously easy to win but
certain incidents arose which taxed
his ingenuity to the utmost. "Noth-
ing But the Truth" is one of the most
spritely and amusing comedies ever
written. It will be presented by the
Co-optimist Comedy Company at the
Crystal Garden to-morrow evening.
To round out a full evening's amuse-

ment there will be dancing as usual
after the show.

Willis Company
At the Playhouse

"A Slip of the Navy," a rollicking,
breezy musical comedy, will be the
first bid for popularity by the Harry
C. Willis Musical and Comedy Com-

pany, which makes its appearance at
the Playhouse to-night in conjunc-
tion with the picture programmes
showing at this place of amusement.

In presenting "A Slip of the Navy"
as the initial offering, Mr. Willis has
selected a playlet which gives every
member of the organization a fine
opportunity to make the most of their
respective styles and characteristics,
while it also gives unlimited scope for
the performers to interject musical
numbers and other unique specialties.

COLISEUM

Remember, this is a vaudeville-show, along with a four-act comedy entitled "Romance of Virginia." You will be entertained for over two hours. We are going to the extremes from now on, until the proper first-run talking pictures are available. At present we cannot secure them.

Fumbles Play Big Part In Tiger's Win Over Regina

Hamilton's Only Major Score Against Rough Riders Made on Misplay by Bloomfield; Errors by Mitchell Allowed Tigers to Score Four More Points; Score 14-3 in Dominion Rugby Final; Western Champions Use Forward Pass to Great Advantage.

Hamilton, Dec. 2.—Hamilton Tigers are Dominion rugby champions for the second time in as many years. They annexed the much coveted title here on Saturday afternoon, when they defeated the Regina Rough Riders, champions of the west, by a score of 14 to 3 in a match that was played on a frozen gridiron and before less than 2,000 fans, the smallest crowd ever to witness a Dominion final here.

The westerners put up a much better showing than many expected, especially in the first thirty minutes of play when they held Tigers to a 2-1 score.

They showed plenty of tackling ability in open field and proved stronger on the line than several other teams Tigers have clashed with this season.

The Tiger "tank corps" found openings in open field on numerous occasions, but just when they appeared to be on the road for a major score, a fumble or slip robbed them of out and expected. For the best of the journey the members of both teams played with numb hands, so cold was the weather. From a fumbling standpoint the westerners suffered most, a fumble by Bloomfield giving Tigers their only major score, and errors by Mitchell, putting Tigers in position to score no less than four of their single counts.

USE FORWARD PASS

On the attack the Rough Riders found Tigers a hard line to pierce. Twice they gained yards on this style of play, but their greatest success was in their famous forward pass play. Eleven times during the game they adopted this style of attack and seven times they were successful. On one occasion they gained forty yards, and another thirty-five and a gain of twenty yards was also recorded, but on the other attempts their gains were ten yards or less. Only once did Tigers try this play, and it resulted in a touch-down but Priestly, a Winnipeg official, ruled that Simpson had taken the pass inside the twenty-five yard line and the score was disallowed.

Hawley "Huck" Welch, Tigers' brilliant punter and "Beano" Wright, a big margin on Bloomfield and Eskine the western punters. The Tigers pair got more distance against the strong gale than the Rough Riders were getting with it. Welch kicked two single counts when playing against the wind and Wright added one, while the westerners got all three points with the wind at their backs. Bloomfield kicked a low ball just over the line of scrimmage and for very short distance.

The breaks of the game certainly did not favor Tigers. They lost a try in the early stages and the second quarter when Boatway dropped the ball after crossing the Regina line, they were penalized in the same session for an offside after "Cap" Fear had carried the ball across the westerners' line, and the Tigers lost five points on the forward pass play.

TEAMS DEADLOCKED

Despite the fact that Regina had the wind in their favor in the opening period, Tigers held them even, the quarter ending with the teams deadlocked at one-all. In the second session Tigers did not take advantage of the wind, electing to buck, but just when they were within striking distance a fumble cost them possession and they had to be satisfied with a single point. During the fifteen minutes of play in the third quarter they ran the Regina team ragged, bucking them up the field at will and added seven points to make the score read 9 to 3, while in the last quarter they added five single points, while the westerners were held scoreless.

Standing out on the Regina line was Mayers, the former United States college star, while Bloomfield and James looked good in spots.

570 JOHNSON STREET PHONE 705

Unlucky "Taffy" Abel

—By Jimmy Thompson

THE BIGGEST, AND MOST UNLUCKY, GROUP OF PLAYERS THAT HOCKEY EVER HAS KNOWN, AMONG THEM "Taffy" Abel of the Chicago Black Hawks is now completely broken up. In 1927-28, in the very first game of the season, Abel sustained a broken arm, and was put out of commission for many weeks. In fact, the combination of Abel and "Ching" Johnson did not function properly until very late in the season with the New York Rangers. By the time Taffy got back into condition following his lay-off, the schedule was almost completed. Last season, before the teams had hardly got under way, Johnson fell in a game at Montreal, slid into the boards and split his ankle bone, and was of practically no use to his club until late in the spring. Abel is at present out of the game with an infected arm.

Abel has been in the game many years. He played on the American Olympic hockey team in 1924 and is one of the few N.H.L. players to be born in the United States. Taffy first saw the light of day in Sault Ste. Marie, Mich., and played his first game with Michigan "Bos" team in 1918. After his trip to Chamonix with the star-spangled sextette Abel played for the Minneapolis Millers until signed by the Rangers. He was a tower of strength to the attack clan throughout the 1928-29 season, but broke a wrist the next season. His comeback early in 1928 year and his great help in bringing the Stanley Cup to New York in the play-offs is now a brilliant page in hockey history.

HORTON SMITH WINS TOURNEY

Young Joplin Pro Turns in Card of 280 in \$5,000 Berkeley Open

Berkeley, Dec. 2.—Horton Smith, golfing sensation from Joplin, Mo., Saturday night was declared winner of the first Berkeley \$5,000 open golf tournament. He required only 280 strokes for the seventy-two holes of medal play.

Smith, who started not so good with a 74 the first day, and took one over par for 71 Friday, played two sub-par rounds Saturday to win the new title. His 69 Saturday morning, despite the fog, was followed by a phenomenal 68 Saturday afternoon for the final eighteen holes.

Willie Burke, Westport, N.Y., scored 71 Saturday afternoon to finish with a total of 283 and second prize money.

Johnny Perrell, of Feather River, carded 70 on his last round for a 288 total, which gave him third money.

Other scores follow:

Willie Hunter, Los Angeles, 300.

French Minch, Sacramento, 301.

W. H. Cox, Dykes Beach, N.Y., 290.

Ray Mangrum, Chicago, 305.

Louis Navi, Olympic Club, San Francisco, 300.

Willard Hutchinson, Chicago, 304.

Morty Dutra, Tacoma, 297.

COLLEGIANS FIRST HALF CHAMPIONS

Undeclared Rugby Fifteen Completes Schedule With 34-0 Victory

Have Scored 130 Points Without Having Line Crossed

With a 34-0 victory over the Oak Bay Wanderers on Saturday, Victoria College wound up the first half of the intermediate rugby schedule unchallenged champions of the loop. In the five games they have played during the season, the Craigdarroch boys have blanked all opposition and have scored 130 points.

Their lowest victory of the season was scored against the University School at the opening of the league when they were forced to leave the field with only eighteen points to their credit. When they ran up against the J.B.A.A., they finished on the bag and a 24-0 count and humbled the Canadian Scottish by 24-0. Against the Y.M.C.A. the boys in blue and gold hung up a 24-0 victory.

AGGRESSIVE PLAY

Individually all players on the squad are good, while collectively they have proved themselves unbeatable so far.

In Saturday's game at the High School the aggressive tactics of the College proved too much for the Wanderers, who were counted their only rivals for first place honors.

Five minutes after the start of the match the Craigdarroch three-quarters swung down the field and held play in the Wanderers' twenty-five-yard ground.

From a scrum in this part of the field, Ellis secured the ball and passed to "Chuck" Rutan. Rutan ran for the corner and went over near the flag. The kick for extra points failed.

College returned from the kick-off and forced a five-yard scrum. The Wanderers cleared a kick.

Three minutes later Senkler and Watson broke through the Oak Bay boys' defence on a dribble. Senkler picked up in front of the posts and crashed over for the second try. Kennedy converted.

SCORES AGAIN

A minute later Senkler again took the ball and forced his way through for the third try, which went unconverted.

The Wanderers bucked down from the kick-off and penetrated the College twenty-five-yard ground. Robinson took the ball from a scrum in that part of the field and gained ground before passing to Ellis, who dodged his way through to the Wanderers' ten-yard line before passing to Young. Young skidded over at the corner to bring the count to 14-0. The try was not converted.

Just before the half whistle sounded Ellis again broke away from the loose ten yards from the line and went over for the fourth try.

PATTERSON GOES OVER

Four minutes after the start of the second half, Des Patterson took the ball on a three-quarter run from the twenty-five-yard line and brought College's score to 20, when he passed it between the uprights. Kennedy added another two points with a convert.

College continued to dominate play and returned the Wanderers' kick and run tactics with steady offensive onslaughts.

Young added three more to the Craigdarroch boys' total when he took a pass from Ellis at the Wanderers' twenty-five-yard line and raced over.

PRETTY TACKLE

Robinson nearly crossed the line two minutes later, when he broke away at the twenty-five-yard line and raced for the post. Haines, fast half for the Wanderers, overtook him and pulled the College half down just as he was going over.

Rutan again went over to bring the score to 28-0 on a pretty run from a scrum on the Oak Bay boys' twenty-five line.

Ellis dummy-passed his way through for another try two minutes later, and Kennedy hit the cross bar from the kick.

Symons, who played a good game for the Wanderers, was injured at this stage of the game and taken from the field. Patterson left to equalize the score, but returned when Symons again entered the game.

FINAL COUNTER

With three minutes to go Teddy Robinson took the ball from a twenty-five-yard scrum and dummy-passed through to bring the final count to 34-0 in favor of College.

The Wanderers put up a good fight, but were no match for the Collegians who were down on the ball on every play. Broken field running by the Oak Bay boys was stopped every time a player broke away by the heavy scrum of the opponents, who refused to let the Wanderers keep a single advantage.

Throughout the game the losers were not down in the College ground more than half a dozen times, and never once seriously threatened the line.

Ackland refereed and the teams lined up as follows:

Victoria College—Kennedy, Cope-land, Boorman, Robinson, Ellis, Patterson, C. Rutan, Young, Walton, Knights, Sprinkling, Grant, Senkler, Waites and J. Rutan.

Oak Bay Wanderers—A. Laundry, E. Laundry, C. Harrison, J. McCann, C. Usher, S. Symons, R. Haines, D. Stier-rat, C. Sherwood, E. Sturrock, L. Backler, N. Jones, K. Cooper, H. Sharp and D. Harrison.

UNIVERSITY SCHOOL WINS

Weakened by the absence of their captain, Harry Robson, the Y.M.C.A. failed to hold the University School of the day and went down to a 14-8 defeat at the Mount Tolmie grounds.

From the kick-off the school pressed into the "Y" territory on a combination run by MacDonald and Leggatt.

Brinkley, scrum half for University School, took the ball from the line-out and dodged over for the first counter, which was unconverted.

Hummer went into the school ground on a nice run following the kick-off, but was stopped just inside the school "two-bit" line. Winslow got the ball from the resulting scrum and

Herd Sinks Eighteenth Hole-in-one

London, Dec. 2.—Sandy Herd, veteran golf professional of the Moore Park Club, made the eighteenth hole in one of his long career, over his home course yesterday. Herd's 18th ace came on the 18th hole.

slid over near the corner to bring the game to even terms.

GO INTO LEAD

University School again went on the attack and Brinkley gained fifty yards on a nice run before passing to Mortimer, who went over for the school's second counter.

Hess converted to make the score 8-3 in favor of the school.

Shortly after the start of the second half, Holmes led an attack on the Y.M.C.A. that resulted in Mortimer going over for his second try. This was not converted.

A few minutes later Hess added the finishing touches when he put over a free kick to make the final score read 14-3 for the University School.

The teams lined up as follows:

University School—Mortimer, Brinkley, Norriarop, Brisbane, Leggatt, Weaver, MacDonald, Taylor, Hess, Holmes, Worthington, Gillingham, Keate and Nichols.

Y.M.C.A.—Winslow, Harwood, Moyes, Macdonald, James, Hummer, Menness, Sharp, Sievers, Taylor, Dowell, Bleasdale, Bailey, Connorton and Roskelly.

Gene Tunney Is "Not Interested" In Presidency

New York, Dec. 2.—Gene Tunney has wired official of the New York Culiseum that he was "not interested" in his proposition to act as president of the organization, but promised to confer with them upon his arrival in the United States.

The retired heavyweight champion is on the high seas with Mrs. Folly Lauder Tunney, returning from an extended visit to Europe.

McCarthy was to arrive from his home in Buffalo this morning for a league.

Cubs Still Search For Good Pitcher

Chicago, Dec. 2.—A renewal of the Cubs' search for a first rate left-handed pitcher was set for to-day with the arrival of Manager Joe McCarthy to talk things over with President William L. Veck.

McCarthy was to arrive from his home in Buffalo this morning for a league.

FIELDS WILL BATTLE LIGHT

Is High Spot on Week's Boxing Programme; Glick Meets Grogan on Friday

Chicago, Dec. 2.—Jackie Fields' ten-round bout with Billy Light of St. Paul at Chicago to-night is the high spot in this week's national boxing schedule. The welterweight title which Fields holds will not be at stake as the bout is at 119 pounds.

Other bouts:

To-night, at New York—St. Nicholas Arena, Bob Olin, New York vs. Joe Banovic, Binghamton, N.Y., light heavyweights; and Andy Divodi, New York, vs. Jackie Phillips, Canada, welterweights, each at ten rounds.

At Philadelphia—Benny Bass, Philadelphia, vs. Jose Martinez, Spain, junior lightweights; Jose Marcenale, New York, vs. Phil Swick, Cleveland; and Jack Pickett, New York, vs. Calvin Reed, Philadelphia, lightweights, all ten rounds.

At Chicago—Solly Schuman, Chicago, vs. Irish Mickey Gill, flyweights; six rounds.

Tuesday, at St. Louis—Edna Shea, Chicago, vs. Young Montreal, Providence, featherweights; King Tut, Minneapolis, vs. Joey Kaufman, New York, heavyweights; and Lou Terry, St. Louis, vs. Lou Terry, St. Louis, lightweights, ten rounds.

Wednesday, at Akron—Gorilla Jones, Akron, Ohio, vs. Nick Testa, Troy, N.Y., welterweights; ten rounds.

Friday, at San Francisco—Tommy Grogan, Omaha, vs. Joe Glick, Brooklyn, lightweights; ten rounds.

At Toledo—Kao Morgan, Toledo, vs. Happy Atherton, Indianapolis, featherweights, ten rounds.

At Los Angeles—O. Christner, vs. Les Kennedy, Long Beach, heavyweights, ten rounds.

At Los Angeles—O. Christner, vs. Les Kennedy, Long Beach, heavyweights, ten rounds.

Futility
of
Remembering

Why Do So Many of Us Spend Our Time Recalling The Unpleasant Experiences We Have Had—and The Wrongs That Have Been Done to Us? Queries Dorothy Dix—What a Pity We Can't Forget It

THERE is one slang phrase that embodies the whole philosophy of life and sums up in two words. It is: FORGET IT.

Whatever is done, is done. Forget it. You have had your hour of triumph or disaster. Forget it. The old wrong, the old failure, the old grudge. Forget it. Perhaps you have failed. Forget it. Perhaps you have been treated unjustly. Forget it. Wipe off the slate every day and start a new score.

What is the use of vain repining over departed glories? What good is there in shedding tears over spilled milk? What profit in thrashing over old straw? What is the use of wasting time regretting the mistakes that can never be rectified? It is memory, more than anything else, that makes bores and cowards of us.

I know a woman who has never forgotten anything unpleasant that has ever happened to her. She still tells you how a dress-maker ruined a party frock for her when she was a girl. She still recalls after more than fifty years the slight that she felt was put upon her when Mrs. X invited her to her big reception instead of a small dinner she was giving for some celebrity. She still harps upon how Aunt Sally did her out of a silver spoon when Grandma's things were divided after her death.

She is like a ghoul delving in the graves of the past and hugging the rotting bones of old feuds to her breast, yet she cannot understand why people avoid her as they would a pestilence and why even her children dread to have her around.

What a pity she can't forget it.

I know a woman who, as the phrase goes, has seen better days. In her youth she had money and a beautiful home and fine clothes and trips to Europe and was a figure in fashionable society. Now she is poor and has to earn her own living.

She has brains and good health and energy, and she could make a great success in business if she would only cease harping upon the past and give her mind to making something out of the present instead of letting it be obsessed by the memories of her departed grandeur. But instead of being proud of having the ability to hold down a good job, she is ashamed of having to work.

She is always apologizing for standing behind a counter and waits upon a customer with the air of a princess condescending to a mere commoner. And she is always telling little lies about really getting so bored with society and being so bitten by the restlessness of the age that she decided she would go in for a commercial career. And she finds it quite exciting, don't you know, but, of course, it wasn't what she was brought up to.

And the poor soul can't see that she kills the respect that people would have for her because she went to work when she lost her fortune instead of being a parasite and that she is completely blocking her every chance of advancement and earning more money because you have to put pride in your job to ever get anywhere in it.

What a pity she can't forget it.

I know a woman who made an unfortunate marriage in her youth. Her husband was a rotter who abused and mistreated her and starved her, and who just before her baby was born, eloped with another woman.

A tragic experience. No wonder, at the time, her heart was broken and that she shed barrels of tears, but the trouble with her is that instead of letting her wounds heal she has kept the sore open and has continued to weep.

Life has offered her many consolations. Her child has grown up to be a joy and a comfort to her. Fortune has come to her through an unexpected inheritance. She has always had many friends. She has every luxury, yet she has poisoned her whole life by dwelling upon the wrong her faithless husband did her. She has let her soul become a well of bitterness and she has drunk gall all her days instead of supping on the sweetness that she might just as well have had.

What a pity she can't forget it.

We all know plenty of cases like these. Men and women who spend their time in holding post-mortems over departed glories or sorrows, which is just as futile as the autopsies that golfers and bridge players hold over the games they have lost or won.

In all the magazines there are advertisements of those who teach systems of memory, but what we need most is somebody to teach us how to forget.

DOROTHY DIX.

Carnation Aims At \$60,000,000 Business in 1930

Seattle, Dec. 2.—Prediction of a gross business of \$60,000,000 for the Carnation Company in 1930 is made by E. A. Stuart, president and founder of the company, in a statement made public today. This optimistic outlook for next year's business is based upon Carnation's recent expansion program which to date includes the acquisition of the Albers-Brothers Milling Company of San Francisco, the Northfield Milk Products Company of Northfield, Minn., which will give an increased volume in the evaporated milk field, and of twenty-five large dairies in the northwest, southwest and California which establish Carnation as a producer and seller of fluid milk, butter, cheese and ice cream.

The merger with the Albers Company which will identify Carnation prominently in the package cereal and fine flour industry was consummated through an exchange of stock, the basis being two and a half shares of Carnation common for one of Albers preferred and two shares of Albers common. The Albers Company was a \$6,000,000 concern, while the capitalization of the Carnation Milk Products Company is announced as \$30,000,000.

The name of the parent corporation has been officially shortened to the Carnation Company. The Albers products, well and favorably known on the Pacific slope, under the Carnation banner will be extended to other markets. General offices of the Albers Company have been consolidated with those of the Carnation Company in Seattle.

ACQUIRING OTHER CONCERNS

Acquisition of leading dairy properties in Washington, Oregon, California, Oklahoma, Texas and Iowa has gone steadily on throughout the autumn, consolidations being through purchase or exchange of stock, or a combination of both. These include Portland Damascus Milk Company, Riverview Dairy Company, Fernwood Dairy Company, Modern Dairy Incorporated, Sunrise Dairy, Vancouver Creamery Company, Steigerwald Dairy Company, Green Hill Dairy, Home Creamery Company, Cloverland Creamery, Hoover Guernsey Dairy, Sanitary Dairy Company, Waterton Dairy Company, Lebeck Ice Cream Company,

Perguson Ice Cream Company, Rainbow Dairy Products Company, Vine Lodge Dairy, Holbrook Farm, American Creamery Company, Pure Milk Dairy, West Seattle Dairy, Crest Dairy, Jersey Dairy and Clarke Ice Cream Company.

The taking over of the Broadway and Pine Creek dairies in the Spokane region, a deal involving more than \$750,000, has just been completed, Mr. Stuart announces.

NOW 41 CONDENSERIES

"Evaporated milk will continue to be our chief product, as it has been for the last thirty years," states President Stuart. "We have now forty-one condenseries in the United States, Canada and Europe, and others in contemplation. But our new dairy holdings will take us into the fluid milk business and its subsidiary manufacture of butter, cheese and ice cream. We have acquired no rundown or bankrupt businesses. In every unit added to the growing Carnation group, we made certain it was a prosperous and going concern. We believe that through consolidation more economic and efficient operation for the whole may be brought about."

"There will be no shake-ups in personnel in these newly-acquired properties. According to our program, managerial and operating entities remain practically the same."

"Thus far our expansion has been mainly in the west, but with our product known around the world, and excellent distribution throughout the whole United States, it is not improbable that we shall secure dairies and other businesses in other sections of the country, thus rounding out a logical national program."

The dispatches said there had been heavy property damage and considerable loss of life. Dropping of the cabbages and root bags were evidently intended to effect loss of morale among Chinese troops, it was believed.

Hotel special concerts at the Empress Hotel this season. December 11, January 23, March 28, April 17.

To-morrow's Horoscope

Although there is a strong adverse aspect discernible in this day's horoscope, kindly influences are evident, according to astrologers.

It is read as an auspicious day for those who journey by water, and the stars indicate much travel to far places.

Oil is still subject to the kindliest planetary government making for increased demand for the commodity and its by-products.

The stock market at this time is likely to be extremely sensitive, and speculation to-day may bring disappointment.

Under this rule the mind may be inclined to count the disappointments rather than the blessings of the passing year. All depressing thoughts should be excluded while this configuration continues.

It is an auspicious day for constructive effort of every sort. Those who work with their hands will find it most stimulating.

While this planetary government prevails plans for the new year should be well started. It is a lucky day to interview employers.

Women may find the influences under this configuration rather disconcerting. It is well to avoid putting faith to the test.

It is not a fortunate way for romance and even the coldest dance may be dull formal.

At the same time seem to point to the stability of married society, which in America is to assume new importance.

The tendency will be toward conservative standards of living, the mere prosperity, and the stars smile again on the successful and appear to promise more prosperity for all who have found the golden key to wealth.

Persons whose birthdate is 11 may meet difficult problems in the coming year, which should be fortunate in most respects.

Children born on this day probably will be conscientious and reliable. The subjects of this sign usually are strongly individual and many gain supreme success.

General George B. McClellan was born on this day, 1826. Others who have celebrated it as a birthday include James O. Fair, capitalist, 1831; Isaac Hopper, Quaker philanthropist, 1771; Arnold Hague, socialist, 1860.

A COM. G/A SERVICE

DEATH CALLS WELL-KNOWN PORT OFFICIAL

Late Ernest William Prior, Ticket Collector For B.C.C.S., Was Original Veteran

Ernest William Prior, a widely-known and popular official of B.C. Coast Service, and a veteran of Canada's famous "Red Patch" contingent overseas, died at his home at 127 Eberhart Street, at 1:30 Sunday morning, after a brief illness.

His death removes a well-known figure from the passenger traffic division of the B.C. Coast Service, one who was known for his cheery service and hearty good will to all who had occasion to enter or leave the city by means of the service he represented as ticket collector at the C.P.R. Inner piers.

Death took place at the family residence at an early hour on Sunday morning, after a very brief illness. A few days ago Mr. Prior contracted bronchial pneumonia, which despite every care took a serious form. He was under the care of Dr. A. E. McKicking and Dr. E. W. Boak, and had rallied to some extent before a turn for the worse set in, and death followed on Sunday morning.

He leaves his widow, Mrs. Lily May Prior, one son, Charles Prior, aged seven; two step-children, Percy Laing and Miss Constance Laing, all residing at home. Percy Prior, a brother, and two sisters are located in England, and one sister is resident in Montreal.

The late Mr. Prior was born at Reading, England, in 1885, the son of Charles Prior, himself in very poor health at this time. He was raised and educated at Tunbridge Wells, and came to Canada at the age of eighteen years, locating at Letbridge, and later moving to Victoria.

When Canada rallied to the colors in August, 1914, Mr. Prior, who was a member of the Fifth Regiment, C.G.A., volunteered for service, and was one of the original contingent that left Victoria in August, 1914 for Valcartier, where he became a sergeant in the 2nd Battalion, C.F.A., and sailed from Quebec for England in October of that year.

In Flanders Fields, where the First Canadian Division saw service commencing in February, 1915, Mr. Prior took part in historic engagements, including the Second Battle of Ypres where he was severely gassed; Festubert, the Somme, Vimy Ridge, and many other engagements in which the Canadian Corps won its spurs. He remained on service right up to the close of hostilities, and was one of those selected to march through Germany after the Armistice was signed.

He returned to Victoria in February, 1919, and took up a post under the shore department of the B.C. Coast Service. For many years he was known as the genial officer who guided tourists to and from the boats at the Inner docks, and within recent years he was promoted to the post of ticket collector at the gateway ticket wicket.

His death will be received with a sense of personal loss by a wide circle of friends, by whom he was esteemed for his unfailing courtesy and a cheery disposition. Funeral arrangements will be announced later.

The funeral will take place on Wednesday at 3:30 o'clock from the Sands Funeral Chapel. Rev. Canon F. A. P. Chadwick will officiate, and the remains will be laid to rest in Ross Bay Cemetery.

Alpinists Climb Mount MacDonal

Under the leadership of C. L. Harrison, outings convenor, fourteen members of the Vancouver Island section of the Alpine Club of Canada Saturday joined in the club's final climbing expedition of the year.

Mount MacDonal, in the Sooke area, was the objective and an hour sufficed for the party to reach the summit. After exploring the highest limits of this promontory, the group returned to the foot where files were spread, a fire built and supper and a sing-song enjoyed.

Those taking part were: Mr. and Mrs. C. L. Harrison, Mrs. Haddow, Miss Janet Bell, Miss Arbell-Haynes, Mr. Arthur Haynes, Norman and J. Darcy, Captain Everall, K. M. Chadwick, W. H. Douglas and B. Robinson.

SAVED DIME, SPENDS \$13,000,000

Arthur Curtis James, regarded the largest holder of railway stock in America, believes in economy. When his counsel summoned a regular taxi cab in San Francisco, James restrained the driver, preferring a cab that was 10 cents cheaper. A few minutes later James was arguing before an Interstate Commerce Commission examiner for the right to spend \$13,000,000 for a line connecting the Great Northern and Western Pacific roads in which he is a heavy stockholder.

BUFFALOS IN ANNUAL RALLY

The sixth annual banquet of the Order of Buffalo, B.A.O.B., was held at the Chamber of Commerce auditorium on Saturday evening, with Brother W. J. Goode in the chair. H. M. McKay outlined the objects of the order, which concluded with a dance being done in connection with the support of orphanages and convalescent homes in England and elsewhere. A new orphanage was projected to be built near the Mount Galt, to be dedicated to the memory of those of the order, who made the supreme sacrifice in the World War.

Brother A. W. Dawe, provincial grand puma, Brother H. Pitkin, city secretary, Brother R. Mackie, and other officers were present at the head table. The dinner was followed by a social evening, which concluded with a dance.

A letter of felicitation was read from Sir John Martin Harvey, a member of the order, who extended greetings to the Victoria lodge. The message read: "Cordial greetings to the Victoria members of the Ancient Order of Buffaloes, an ancient organization representing the best elements of those who have built up the British Empire. Wishing them continuation of their old prosperity for many a long year to come," and was signed John Martin Harvey.

W. F. Goode, Mr. Davies, R. Little, H. Crider, Mr. Eadie, G. Tate, T. Obee and G. Little took part in the toast list, and in a musical programme rendered during the evening.

The music for dancing was supplied by Salisbury's Harmony Serenaders.

Metchosis

The monthly meeting of the Women's Auxiliary of St. Mary's Church was held at the vicarage on Thursday afternoon, the vice-president, Mrs. F. Luky, occupied the chair.

A hearty vote of thanks was passed to Mrs. George Clarke for the use of her home for the sale of work and silver tea held recently in aid of the church funds. A few articles left over from this sale were donated to the Junior W.A.

The superintendent of the Junior W.A. reported there were at present eleven members and that meetings had been held regularly. The secretary was instructed to write to Mrs. F. A. Pearce, who has recently left the neighborhood, regretting her loss as a member, and thanking her for her past services to the W.A.

Mrs. Bolton, superintendent of the Sunday School, asked if the W.A. would consider giving a prize to the Sunday School, and the members agreed to do so. The vice-president then presented the vicar, on behalf of the W.A., with a prayer book to be used in the church in place of that now in use, which is out of date.

The meeting then adjourned and was followed by the annual meeting, with the vicar, the Rev. H. M. Bolton, in the chair. The general report and financial reports were read, and proved satisfactory. Officers were elected for the current year as follows: President, Miss Blythe; vice-president, Mrs. F. Luky; treasurer, Mrs. F. Reid; secretary, Mrs. G. F. Weir; united thank-offering secretary, Miss Milne; literature secretary, Miss Milne; domestic secretary, Mrs. Cann; living message secretary, Mrs. Cann; extra cent-a-day secretary, Mrs. George Clarke; prayer partner secretary, Mrs. R. D. Young; social service secretary, Mrs. F. A. Osborne; representatives to the annual diocesan meeting, Miss Milne, Mrs. Cann and Miss Chegwinn; superintendent of Junior W.A., Mrs. Bolton. The members adjourned.

MAINE-TO-SPAIN FLIERS MAY CIRCLE GLOBE

The Maine-to-Spain fliers, Armand Lott, Jr., right, and Rene le Perre, now may be planning a "round-the-world" flight. They were reported to be seeking to interest American business men in the venture when, as pictured above, they returned to the United States for the first time since their transatlantic hop of last June.

BYRD'S FORMER AIDE FOUND IN OMAHA OFFICE

R. G. Brophy, Who Disappeared, Discovered on Newspaper Staff

Omaha, Neb., Dec. 2.—The Omaha News-Bee in a copyrighted story today said Richard Gale Brophy, former second in command of Commander Richard E. Byrd's Antarctic expedition, who disappeared in New York last August leaving a suicide note, had been found in Omaha. The former business manager for the Arctic explorer had been working as a copy reader for The Omaha Morning Bee under the name of C. Manning Mitchell, the paper said, adding: "Identity of Brophy was revealed by a startling coincidence almost at the instant the news was flashed on Byrd's flight over the South Pole." Brophy severed connections with the Byrd expedition in New Zealand last March and returned to New York. Then he disappeared, leaving the following note: "I am going to Coney Island. I am going to walk into the waves until they cover me and then I will be no more."

As the news of Byrd's epochal flight was received Brophy was reading copy in The News-Bee office. When the night editor looked over a group of photographs of Byrd's crew he recognized C. Manning Mitchell standing besides the commander of the flight. Further investigation followed, and confronted with the evidence, Brophy admitted his identity.

Brophy told a story of how he had been besieged with trouble after leaving the Byrd expedition. "So I foolishly considered suicide," he is quoted as saying. "I say foolishly because realization came to me while I was in the water at Coney Island that problems of this life are not to be solved by such an act."

He then told of his coming to Omaha, and now he plans to return to New York to "get my tangled affairs straightened out."

CENTRAL CREAMERIES LTD.

FOLLERIN' THE BAND

WHO hasn't "follerin'" the band up Main street, or up Broadway or Michigan boulevard? Heart pumping joyously, feet beating the ground in time! Grandly intoxicating moment of childhood! And—later in life—who hasn't felt a thrill as the conductor lifted his baton for the overture to begin? A moment pregnant with the glamour of the theatre! Music casts its spell throughout all the Ages of Man. It is wise then, in this enlightened and prosperous day to countenance substitution of a shadow of music for the real thing in the theatre? Imagine the Irish following a

Music Box on St. Patrick's Day! Or life and drum music by a Machine on Memorial Day! Incongruous? Of course, but not more so than a mechanical overture in the theatre. Talking pictures—a new dramatic form; the radio—which transmits music directly and DOES reflect the artist's mood of the moment; the photograph in the home—where living music usually is not available—are not at issue here. We are discussing only the SUBSTITUTION OF MECHANICAL MUSIC FOR REAL MUSIC IN THE THEATRE, in consequence of which Real Music is being eliminated in theatres.

THE AMERICAN FEDERATION OF MUSICIANS (Comprising 140,000 professional musicians in the United States and Canada) JOSEPH N. WEBER, President, 1440 Broadway, New York, N. Y.
